Many of the pesticides applied to food crops in this country are present in foods and may pose risks to human health. Current regulations are intended to protect the health of the general population by controlling pesticide use. This book explores whether the present regulatory approaches adequately protect infants and children, who may differ from adults in susceptibility and in dietary exposures to pesticide residues. The committee focuses on four major areas: Susceptibility: Are children more susceptible or less susceptible than adults to the effects of dietary exposure to pesticides? Exposure: What foods do infants and children eat, and which pesticides and how much of them are present in those foods? Is the current information on consumption and residues adequate to estimate exposure? Toxicity: Are toxicity tests in laboratory animals adequate to predict toxicity in human infants and children? Do the extent and type of toxicity of some chemicals vary by species and by age? Assessing risk: How is dietary exposure to pesticide residues associated with response? How can laboratory data on lifetime exposures of animals be used to derive meaningful estimates of risk to children? Does risk accumulate more

rapidly during the early years of life? This book will be of interest to policymakers, administrators of research in the public and private sectors, toxicologists, pediatricians and other health professionals, and the pesticide industry. Everyone wants to have a nurturing, happy, working union with a spouse or loved one—but time after time, it can fail, fall flat, or not live up to expectations. Now, after surveying more than 30 years of psychiatric literature and submitting more than 1,000 relationship studies to computer analysis, a renowned psychiatrist offers a provocative new theory for successful, long-lasting love. The definitive

guide to working with -- and surviving -- bullies, creeps, jerks, tyrants, tormentors, despots, backstabbers, egomaniacs, and all the other assholes who do their best to destroy you at work. "What an asshole!" How many times have you said that about someone at work? You're not alone! In this groundbreaking book, Stanford University professor Robert I. Sutton builds on his acclaimed Harvard Business Review article to show you the best ways to deal with assholes...and why they can be so destructive to your company. Practical, compassionate, and in places downright funny, this guide offers: Strategies on how to pinpoint and eliminate negative influences for good Illuminating case histories from major organizations A self-diagnostic test and a program to identify and keep your own "inner jerk" from coming out The No Asshole Rule is a New York Times, Wall Street Journal, USA Today and Business Week bestseller. From Sean Connolly, the master of messy and dangerous (and therefore extra-fun) science, a collection of more than 20 hands-on experiments that are like an interactive journey through the periodic table of elements. In this introduction to chemistry for STEM-curious kids ages 9 and up, each chapter of The Book of Ingeniously Daring Chemistry focuses on a single element—its properties, how it was discovered, and even its potential danger level. Easy-to-follow experiments help readers put their newfound knowledge into action. All that's needed is a sense of adventure and some items from around the house. Make your own fossil with silicon. Use a pinhead and measure 166 feet of string for a mind-boggling insight into how a hydrogen atom is built. Discover oxygen and oxygenation by slicing an apple and seeing what happens an hour later. Harness the power of zinc with a potato clock. And enjoy a special hands-off feature about the "Dirty Dozen"—those nasty elements, from arsenic to plutonium, that can wreak havoc wherever they appear (there are no experiments using these chemicals). Matter really matters, and now you'll really understand why. From the physician behind the wildly popular NutritionFacts website, How Not to Die reveals the groundbreaking scientific evidence behind the only diet that can prevent and reverse many of the causes of disease-related death. The vast majority of premature deaths can be prevented through simple changes in diet and lifestyle. In How Not to Die, Dr. Michael Greger, the internationally-renowned nutrition expert, physician, and founder of NutritionFacts.org, examines the fifteen top causes of premature death in America—heart disease, various cancers, diabetes, Parkinson's, high

blood pressure, and more-and explains how nutritional and lifestyle interventions can sometimes trump prescription pills and other pharmaceutical and surgical approaches, freeing us to live healthier lives. The simple truth is that most doctors are good at treating acute illnesses but bad at preventing chronic disease. The fifteen leading causes of death claim the lives of 1.6 million Americans annually. This doesn't have to be the case. By following Dr. Greger's advice, all of it backed up by strong scientific evidence, you will learn which foods to eat and which lifestyle changes to make to live longer. History of prostate cancer in your family? Put down that glass of milk and add flaxseed to your diet whenever you can. Have high blood pressure? Hibiscus tea can work better than a leading hypertensive drug-and without the side effects. Fighting off liver disease? Drinking coffee can reduce liver inflammation. Battling breast cancer? Consuming soy is associated with prolonged survival. Worried about heart disease (the number 1 killer in the United States)? Switch to a whole-food, plant-based diet, which has been repeatedly shown not just to prevent the disease but often stop it in its tracks. In addition to showing what to eat to help treat the top fifteen causes of death, *How Not to Die* includes Dr. Greger's Daily Dozen -a checklist of the twelve foods we should consume every day. Full of practical, actionable advice and surprising, cutting edge nutritional science, these doctor's orders are just what we need to live longer, healthier lives. U.S. Army Special Forces veteran Larry Jordan was given a unique assignment by his commanders - come up with a truly down-and-dirty hand-to-hand fighting system for his fellow Green Berets and U.S. Army Rangers. The goal of this system was to give soldiers a handful of hard-core techniques that could be easily learned, easily mastered and effectively applied in any close-combat situation. Jordan devised a set of 12 techniques that were surprisingly simple, shockingly fast and brutally effective. He has now adapted this military system for civilian self-defense. He calls it "The Dirty Dozen. The 12 self-defense lessons in this book are specifically designed to provide the average citizen with a series of easily learned techniques that will enable him or her to prevail in any violent situation. Besides the ever-present threat of violent crime, the recent terrorist attacks aboard commercial airliners show that people can no longer rely on "somebody else" to protect them. Preparing to resist and defeat evildoers is everyone's responsibility now. That's where *The Dirty Dozen* comes in." In space, everything

hungers. Maya has died and been resurrected into countless cyborg bodies during her dangerous career with the Dirty Dozen, the most storied crew of criminals in the galaxy before their untimely and gruesome demise. Decades later, she and her team of broken, diminished outlaws must get back together to solve the mystery of their last, disastrous mission and to rescue a missing and much-changed comrade . . . but they're not the only ones in pursuit of the secret at the heart of the planet Dimmuborgir. The highly evolved AI of the galaxy will do whatever it takes to keep humanity from regaining control. As Maya and her comrades spiral closer to uncovering the Als' vast conspiracy, this band of violent women—half-clone and half-machine—must battle both sapient agheships and their own traumas, in order to settle their affairs once and for all. The fifth book in the Tennison series following Jane Tennison in the early years of her policing career. After Ransom awakens in a hazy room with his hands and legs bound, he knows the voodoo witch he just met in New Orleans is now in control of his life. As he loudly proclaims he is ready to be her voodoo man, Patricia warns him to be careful what he wishes for. Moments later, the life is drained from his soul and Patricia has created her first zombie. In a collection of terrifying tales, Charles Keith Hardman once again invites others to step inside the minds of a diverse band of characters facing bizarre encounters. Lawrence knows he should be dead. The stainless steel table he lies on in the morgue is cold. All he remembers is shooting a bullet into his head. As he removes his toe tag and searches for clothes to wear, Lawrence realizes something strange is happening to him. But what will transpire once he opens the door to the morgue? After an alien spaceship crash lands in the New Mexico desert, weapons experts race to the site where they discover an alien has died. After rushing the corpse to a laboratory, the scientists take DNA samples. But what they do next is top secret. Let Me Tell You Another Story shares short tales that lead others down a frightening path lined with aliens, zombies, voodoo, and things that go bump in the night. If you are looking for some softcore, romance novel, you've got the wrong book. A Dirty Dozen: Twelve Incredibly Erotic Stories From One Extremely Dirty Mind, is not just another fictional story compilation. It is a collection of extremely sexually intense, perverted, short stories, inspired by real men and women that the author, Eric Parker, personally knows and has met in his life. He observe them, from their physical appearance to their life

situations, and builds incredibly erotic stories about them. No nonsense. Just real people, depicted in dirty, filthy scenarios. The erotic short stories featured in this book focus extremely on the subjects of infidelity, domination, cuckolding, degradation, revenge, humiliation, and more, of both men and women. Cheating husbands, cock teasing women, and revenge seeking wives, just to name a few. All in extreme, filthy detail. So sit back, lock the bedroom door, get your hand down your pants, and brace yourself for the extreme filth that is packed in this book. Stories included in this book: "A Filthy Food Shop" Alexis returned home from the supermarket with a surprise for her husband. One he would neither expect, nor forget. "An Unexpected Ending to a Bad Day" After finding out that her husband, Gary, was getting a little too close to his new coworker, Jessica sends an unexpected message to him one night after work. "An Unforgettable Ex" Some men fantasize about watching their wives have sex with their ex lovers. For Alex, it became a reality. And one he may soon regret. "Boredom at the Birthday Party" For Brian, a 30th birthday gathering he originally did not want to attend turns into a private, erotic experience that he will never forget. "Breaking and Entering" A troubled youth had broken into Pete and Melissa's home one night while they were asleep. Instead of calling the police, Pete would give him the ultimatum of his life. "Catching Up with an Old Crush" When an old crush from his early 20's resurfaces, John's reunion with her goes in an unexpected direction. "Heating Up the Cabin" When two old friends, Jenna and Steve, take a much needed friendly weekend getaway, Jenna decides to take their friendship to a new level. "Seduced in the Salon" After finding out his barber's shop had been destroyed in a recent storm, Jeff's wife Amy sends him to her best friend Michelle's salon for a haircut. It would be an appointment he would never forget. "The Client that Changed His Marriage" Zach thought he got away with having an affair with a new client of his. After a few weeks go by, he would come home to a life changing surprise. "The Marriage Counselor" Neil and Lisa finally agree to attend marriage counseling to fix an issue they have been having. They would be surprised to find out that talking isn't the only way to solve marital problems. "The Stranger on the Cruise" While on their first cruise, Greg and Jen were enjoying a few drinks at the main bar on the ship. When Jen is approached by a stranger, their trip would soon head in a whole new direction. "Unwinding After Work" While chatting with a stranger at a local bar after work, Derek unexpectedly runs into

an old girlfriend from his past. Her life since their breakup would be a complete surprise to him. Alexander Hamilton wrote that “the judiciary, from the nature of its functions, will always be the least dangerous to the political rights of the Constitution.” If only that were true. The Founding Fathers wanted the judicial branch to serve as a check on the power of the legislative and executive, and gave the Supreme Court the responsibility of interpreting the Constitution in a way that would safeguard individual freedoms. In some cases, like *Brown V. Board of Education* and *United States V. Lopez*, the Court fulfilled its role, protecting us from racial discrimination and the heavy hand of the federal government. But sadly, the Supreme Court has also handed down many destructive decisions on cases you probably never learned about in school. In *The Dirty Dozen*, two distinguished legal scholars shed light on the twelve worst cases, which allowed government to interfere in your private contractual agreements; curtail your rights to criticize or support political candidates; arrest and imprison you indefinitely, without filing charges; and seize your private property, without compensation, when someone uses the property for criminal activity—even if you don’t know about it! This is not a book just for lawyers. It’s for all Americans who want to understand how the Supreme Court can affect our right to life, liberty, and the pursuit of happiness. This paperback edition includes a new preface, “Guns, Bailouts, and Empathetic Judges,” which highlights new and critical issues that have arisen since the book’s initial edition was published in 2008.

The producer of *An Inconvenient Truth*, Laurie David's new mission is to help America's overwhelmed families sit down to a Family Dinner, and she provides all the reasons, recipes and fun tools to do so. Laurie David speaks from her own experience confronting the challenges of raising two teenage girls. Today's parents have lots to deal with and technology is making their job harder than ever. Research has proven that everything we worry about as parents--from drugs to alcohol, promiscuity, to obesity, academic achievement and just good old nutrition--can all be improved by the simple act of eating and talking together around the table. Laurie has written a practical, inspirational, fun (and, of course, green) guide to the most important hour in any parent's day. Chock-full chapters include: Over seventy-five kid approved fantastic recipes; tips on teaching green values; conversation starters; games to play to help even the shyest family member become engaged; ways to express gratitude; the family

dinner after divorce (hint: keep eating together) and much more. Filled with moving memories and advice from the country's experts and teachers, this book will get everyone away from electronic screens and back to the dinner table. The true story of the 101st Airborne Division's most notorious squad of combat paratroopers—the inspiration for the classic WWII film, *The Dirty Dozen*. Since World War II, the American public has learned of the exploits of the 101st Airborne Division, the paratroopers who led the Allied invasions into Nazi-held Europe. But within the ranks of the 101st, one unit attained truly legendary status. Known as the Filthy Thirteen, they were the real-life inspiration for *The Dirty Dozen*. Primarily products of the Dustbowl and the Depression, the Filthy Thirteen became notorious within the elite Screaming Eagles for their hard drinking and savage fighting skills. From D-Day until the end of the war, the squad's heart and soul—and its toughest member—was a half Native American soldier named Jake McNiece. McNiece made four combat jumps, was in the forefront of every fight in northern Europe, yet somehow never made the rank of PFC. The Filthy Thirteen offers a vivid group portrait of hardscrabble guys whom any respectable person would be loath to meet in a dark alley: a brawling bunch whose saving grace was that they inflicted more damage on the Germans than on MPs, the English countryside, and their own officers. An explosive inside look at *The Dirty Dozen*, the star-studded war film that broke the rules, shocked the critics, thrilled audiences, and became an all-time, cult-movie classic . . . The year was 1967. A cinematic blockbuster exploded across American popular culture. *The Dirty Dozen* didn't just reinvent the "men on a mission" war story, it blew the genre to pieces. Like its ragtag team of crazies, murderers, and misfits, it defied authority, mocked the military, and still managed to deliver action, adventure, and no-holds-barred Nazi-killing. It also received four Oscar nominations, launched the careers of many Hollywood legends, and inspired generations of filmmakers like Sam Peckinpah, Quentin Tarantino, and James Gunn. Based on exclusive interviews with the surviving cast and crew, friends and families of the stars, and other Hollywood insiders, *Killing Generals* is a riveting must-read for film buffs, military fans, and anyone who loves a down-and-dirty adventure tale. To quote the character played by Charles Bronson, "Boy oh boy—killing generals could get to be a habit with me." Detailed, insightful, and gossipy, Epstein's homage spotlights the movie's endless barrage of cinematic gold. During a time when

America was reeling from turmoil—the Vietnam War, civil rights protests, social upheaval—Hollywood held an indelible mirror up to a changing society. Films like *Bonnie and Clyde*, *The Graduate*, *Guess Who's Coming to Dinner*, *Cool Hand Luke*, and *In the Heat of the Night* would define the era. But it was a gritty, violent, darkly comic World War II movie called *The Dirty Dozen* that would really strike a chord with audiences—and become the year's biggest box office success. Heading up the all-star cast were Lee Marvin, Ernest Borgnine, John Cassavettes, Charles Bronson, Donald Sutherland, Jim Brown, Robert Ryan, Clint Walker, and at his most terrifying best, Telly Savalas, propelling many of them to stardom. More than a viewing companion to an iconic film, *Killin' Generals* brings to vivid life a pivotal epic in American history and pop culture, when going to the movies—in person—was a way of life shared by millions. Dwayne Epstein is the author of the New York Times bestseller *Lee Marvin: Point Blank* and other acclaimed biographies. Prior to writing biographies, Epstein contributed articles to *Filmfax Magazine*, *Cahiers Du Cinema's* "Serious Pleasures," and film reviews for Hearst Community Newspapers. Epstein was born in New York's Coney Island and moved west with his family at age eight, spending the rest of his childhood in Cerritos, California. Epstein currently resides in Long Beach, California. When he is not writing, he enjoys watching and reading about movies and collecting soundtracks. Tom Landry's football team was in need of help. Immediate help. Prompted by internal strife, discontent, and an aging roster, the Dallas Cowboys stumbled to an 8-6 finish to the 1974 season, missing the playoffs for the first time in nine years. And with longtime veterans Bob Lilly, Bob Hayes, Calvin Hill and others on their way out the door, the Dallas dynasty was quickly turning into a vapor of the past. What happened next was one of the most brilliant and resourceful turnarounds that pro football fans have ever witnessed. A record-setting draft class reinvigorated the locker room with enthusiasm. An innovative formation provided the Cowboys with an unforeseen edge on the field. And in one of the NFL's iconic playoff moments, a prayer to the heavens was answered in the most unlikely of fashions. *The Dirty Dozen* is the true story of the Dallas Cowboys' 1975 season, when hard work and a positive attitude combined with luck and genius to pull Tom Landry's team up from the middle of the pack all the way to Miami and Super Bowl X. The flying career of John Robertson Duigan spanned just a decade from 1908 to 1918. 100 years

ago he built and successfully flew the first aeroplane made in Australia using only photographs, journal articles and an unreliable textbook as his guides. He was the first Australian to fly a powered Australian-made aeroplane in Australia. The full story of John Duigan and his flying career has now been published for the first time. New data continually indicate that antioxidants may contribute to reductions in cancer risks and that chronic consumption of low levels of chemical carcinogens in our diet may contribute to an increased risk of developing specific types of cancers. Research also shows that in America today, the leading causes of death are cancer and heart disease. Considering that diet plays a significant role in the development of both of these diseases, issues of food toxicology become particularly topical. [Siren Menage Everlasting: Erotic Menage a Trois Romance, M/F/M, HEA]

When the women get together to sponsor a charity for Christmas, they end up fighting for more than their way of life. Another group has their eyes on the same charity and will stop at nothing to get their way, including using the Dirty Dozen's lifestyle for target practice. While the men babysit, the women are raising money to sponsor The Dallas Children's Home, but another group wants to snatch it from them. They resort to underhanded methods like siccing child welfare on them because of their menage relationships. Well, two can play that game. The women put their heads together and fight fire with fire. Their rivals don't know who they're dealing with. When the dust settles, who will be delivering Santa to the children? And who is expecting their own little bundles of joy? Will the guys end up working over the Christmas holidays or helping their wives plan the most perfect Christmas ever?

Note: There is no sexual relationship or touching for titillation between or among the men. NOTE! This is a holiday reunion book in The Dirty Dozen series. ** A Siren Erotic Romance

This important study examines the history, industrial uses, and harmful effects of the twelve most commonly used organochloride chemicals. In the twelfth installment of the J.J. Graves mystery series from New York Times Bestselling Author Liliana Hart, winter has moved into Bloody Mary with a vengeance. But so has a killer who's bringing a modern flair in his imitation of Jack the Ripper. It's up to J.J. and her husband, Sheriff Jack Lawson, to hunt the hunter and bring justice to the victims. The story of a daring mission carried out by 12 army convicts, made famous by the film of the same name. Twelve bearded, filthy GIs wait behind barbed wire, prisoners of their own army. Murderers, thieves, rapists,

they wait to be sentenced to death or hard labour for life. They are the damned of the American Army. But at the last moment they are offered the opportunity of salvation: a mission just before D-Day. The chances of their getting away with it are about one in a million, but the damned don't care, and certainly don't count chances ... Based on the life of the author's mother and grandmother, follows widow Lou Crandall through joy and sorrow as she struggles to raise her twelve children during the years of the Great Depression and Dust Bowl Era. In *The Dirty Dozen*, Major John Reisman led twelve criminal misfits on a suicidal mission behind enemy lines in France. Now Reisman is back. His new mission is to infiltrate the web of warlords who run a remote corner of Japanese-occupied South-East Asia. Only this time he has no team to back him up. This time he's on his own. From his embattled parachute drop into Burma to the climactic explosion across the border in Vietnam, *A DIRTY DISTANT WAR* is full of intrigue, deception and betrayal. Capturing all the innocence, and guilt, of America's fateful entry into South-East Asia, this is a novel of compelling power and resonance. *The Orchard* is the story of a street-smart city girl who must adapt to a new life on an apple farm after she falls in love with Adrian Curtis, the golden boy of a prominent local family whose lives and orchards seem to be cursed. Married after only three months, young Theresa finds life with Adrian on the farm far more difficult and dangerous than she expected. Rejected by her husband's family as an outsider, she slowly learns for herself about the isolated world of farming, pesticides, environmental destruction, and death, even as she falls more deeply in love with her husband, a man she at first hardly knew and the land that has been in his family for generations. She becomes a reluctant player in their attempt to keep the codling moth from destroying the orchard, but she and Adrian eventually come to know that their efforts will not only fail but will ultimately take an irreparable toll. *Daisy and the Dirty Dozen* is the heartwarming and fun story of a female mallard duck and her 12 ducklings that take up residence in a suburban family's swimming pool. The Wallace family take the 13 ducks "under their wing" and are able to watch a mother duck care for her ducklings right from their kitchen window. The ducks also provide the Wallace family with the opportunity to learn more about wildlife and how to enjoy sharing their yard with a family of ducks. You can see the real-life Daisy and the Dirty Dozen at www.daisyandthedirtydozen.com Whether it's shy cowboys or arrogant

dragster drivers, A Dirty Dozen has a man for every occasion. These men meet in twos (and occasionally threes!) for sweet romance and hot fun. Each of the twelve included stories is guaranteed to feature a very happy ending. City Slick: Rex and Caleb have spent five years eyeing each other across a border fence. It's going to take a pretty slick city boy to bring these two cowboys together at last Seek & Ye Shall Find: Maybe Alejo has the answer his straight friend Gil's been looking for all this time The New Guy: Gannon wants Elliott wants Mike wants Gannon. Go around once or twice with three hot men Boo!: Lathan hates being scared, so why is he in this haunted house? The only way he'll make it through is with the help of a hero Anytime, Anyplace: One jock, one geek. Not what you think Cape Cock Block: Leith is looking forward to a week in Cape Cod with his family and his older brother's best friend until a change in sleeping arrangements makes alone time hard to arrange Demi-Love: Sara thinks it's about time her BF and his BFF took it to the next level Here Cutie, Cutie: When Paul gets called in to rescue a kitten from a tree, he find the kitten's owner just as cute and skittish as the kitten Hot Rod: Luke and Gino are racing for a trophy but also for bragging rights and certain bedroom favors Lollipop, Lollipop: Ari and Joel find an alternative to attending their graduating class's lollipop party Horndog Says Woof: After Kyle and Roland meet at the dog park, wine on the deck and an upstairs romp might lead to something more, but only if Roland and Snowball can change their horndog ways. Buddy Lift: Travis is in the process of relocating from New York City to Atlanta, and it's going to take more than one muscular, sweaty man to thoroughly move him A comprehensive dictionary of blues lyrics invites listeners to interpret what they hear in blues songs and blues culture, including excerpts from original interviews with Dr. John, Bonnie Raitt, Hubert Sumlin, Buddy Guy, and many others. THE TRUE STORY OF LONDON'S MOST PROLIFIC ARMED ROBBERY GANG The average bank robbery takes around four minutes. The essential ingredients are ruthlessness, cunning and plenty of bottle. You'll also need a weapon, a disguise and a getaway car. If you have all those things, then you could go to work right now. The Bradish boys had all these things and, boy, did they go to work. The 'Dirty Dozen' were a ruthless federation of criminals who ran the armed robbery game in London for over a decade. When charismatic leader 'Gentleman' Jim Doyle was jailed, the innovative but violent Bradish twins, Sean and Vincent, stepped up to take the throne.

Hardened by a life in London's most lawless corners, they recruited a tight-knit crew to forge a reputation as the brutal kings of their underworld trade. Banks, security vans, post offices, travel agents - anywhere was fair game and nowhere was safe. With endless money at their disposal, the gang spent freely on cars, drugs and decadence. Life was good. But with the Met's tough-as-nails Flying Squad hot on their heels, a member of the inner circle cracked under the pressure and turned grass - and so began the thrilling chase-down of the Bradish boys and their illicit empire. The Dirty Dozen is the real story of the rise and fall of London's most feared crime syndicate. My year in Vietnam in a disciplinary platoon: Chitsey was a model soldier and aspiring chaplain's assistant. By computer error he was assigned to the "Bum Barracks" a disciplinary platoon of alcoholics, bar brawlers, carjackers, deserters, dragon chasers, drug dealers, fraggers, gamblers, junkies, malingerers, murderers, pill poppers, potheads, thieves and stockade bums: The infamous White Duds of the 173rd. Airborne Brigade in Vietnam Although sometimes taken aback by the frisky shenanigans of his White Dud buddies Chitsey went on to win over 100 gongs for bravery, was twice combat promoted and hideously wounded. Before they were machine gunned to dog meat chunks or marched off to the stockade the WDs made military history ... that was fortunately never recorded ... until now. This is not just another blood and guts and dope orgy from Vietnam - Chitsey had many religious visions which he shares. Chitsey was reborn as Sir Pius the Reaper - a knight errant oath bound to restore moral order and purge by sword and fire a heretic-infested world suffocating on salacious depravity. Be advised that this tour of duty is not for Bleeding Hearts and similar wussies who are forever getting their panties in a twist. 'Achtung!', 'Gott in Himmel!', 'Donner und Blitzen!' For the generations of men whose obsession with military history was triggered by reading war comics in their youth, here at last, is Commando's ultimate collection of Second World War stories. The Dirty Dozen showcases the best of the best - and 25 per cent bigger than the originals, so old guys can read the strips without their glasses! Chosen by current Editor George Low, the brilliantly drawn stories in this classic collection range from backs-to-the-wall heroics at Dunkirk and Battle of Britain dogfights, through desert warfare in North Africa and daring commando raids behind enemy lines, to tough battles across Europe from D-Day to VE Day. For everyone whose comic-book battle lust has ever been stirred by Nazi

cries of 'Die! Englischer schweinhund', The Dirty Dozen will transport them right back into fictional combat situations they'd forgotten were so much fun. Aarrghh!
