In this major update to the book, Scott and Terry added even more tips, more tricks, and made it even easier by focusing on just the most useful and most requested features (without all the techno-babble) so you can start really using your iPhone today! BONUS VIDEO: The authors put together a special in-depth video just for readers of the book where they not only share their favorite iPhone accessories, but they share even more of those hidden little time-saving tips that can make all the difference in the world.
