The explosive 7th book in the bestselling BEYOND series. The sectors will never be the same... Adrian Maddox fled his royal life—and tragic past—in Sector One, choosing instead to join up with the O'Kanes. For years, he's lived by one rule: love fast, love hard, and always be willing to walk away. He's managed to guard

his heart, keep it whole and untouched—until now. They couldn't be more different—Dylan, the brilliant, burned-out doctor from Eden who drowns his pain with drugs and self-destruction. Scarlet, the sensuous, sexy rocker from Three, a woman unafraid to embrace the world. And Jade, the whore turned spy from Sector Two, who battled addiction and came out stronger than anyone he's ever met. Separately, they make Mad long to open his heart, to tumble head-first into a sea of possibilities and wild love. Together, they make him burn, inside and out, with lust and unbearable, unimaginable pleasure. Then one fateful moment shakes their world to its foundations—and leaves the sectors on the verge of all-out war with Eden. It's the biggest fight the O'Kanes have ever faced, and Mad and his lovers are at the dead center of it. They could end up with everything they never knew they wanted—or lose it all. Including their lives. The #1 New York Times bestselling author of the Vampire Academy and Bloodline series returns with the second installment in her acclaimed Age of X series. Religious investigator Justin March and Mae Koskinen—the beautiful supersoldier assigned to protect him—have been charged with investigating reports of the supernatural and

the return of the gods, both inside the Republic of United North America and out. With this highly classified knowledge comes a shocking revelation: Not only are the gods vying for human control, but the elect—special humans marked by the divine—are turning against one another in bloody fashion. Their mission takes a new twist when they are assigned to a diplomatic delegation headed by Lucian Darling, Justin's old friend and rival, going into Arcadia, the RUNA's dangerous neighboring country. Here, in a society where women are commodities and religion is intertwined with government, Justin discovers powerful forces at work, even as he struggles to come to terms with his own reluctantly acquired deity. Meanwhile, Mae—grudgingly posing as Justin's concubine—has a secret mission of her own: finding the illegitimate niece her family smuggled away years ago. But with Justin and Mae resisting the resurgence of the gods in Arcadia, a reporter's connection with someone close to Justin back home threatens to expose their mission—and with it the divine forces the government is determined to keep secret. Deal with the Devil is Orphan Black meets the post-apocalyptic Avengers by USA Today and New York Times bestselling author duo Kit Rocha. Nina is an information broker with a

mission—she and her team of mercenary librarians use their knowledge to save the hopeless in a crumbling America. Knox is the bitter, battle-weary captain of the Silver Devils. His squad of supersoldiers went AWOL to avoid slaughtering innocents, and now he's fighting to survive. They're on a deadly collision course, and the passion that flares between them only makes it more dangerous. They could burn down the world, destroying each other in the process... Or they could do the impossible: team up. This is the first book in a near-future science fiction series with elements of romance. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. In the second installment of this richly imagined fantasy adventure series, a new threat from within the Library could destroy those who depend upon it the most. The Library of the Unwritten in Hell was saved from total devastation, but hundreds of potential books were destroyed. Former librarian Claire and Brevity the muse feel the loss of those stories, and are trying to adjust to their new roles within the Arcane Wing and Library, respectively. But when the remains of those books begin to leak a strange ink, Claire realizes that the Library has kept secrets from Hell—and from its own librarians. Claire and Brevity are immediately at odds in their approach to the ink, and the potential power that it represents has not gone unnoticed. When a representative from the Muses Corps arrives at the Library to advise Brevity, the

angel Rami and the erstwhile Hero hunt for answers in other realms. The true nature of the ink could fundamentally alter the afterlife for good or ill, but it entirely depends on who is left to hold the pen. You Let Me In delivers a stunning tale from debut author Camilla Bruce, combining the sinister domestic atmosphere of Gillian Flynn's Sharp Objects with the otherworldly thrills of Neil Gaiman's The Ocean at the End of the Lane. Cassandra Tipp is dead...or is she? After all, the notorious recluse and eccentric bestselling novelist has always been prone to flights of fancy—everyone in town remembers the shocking events leading up to Cassie's infamous trial (she may have been acquitted, but the insanity defense only stretches so far). Cassandra Tipp has left behind no body—just her massive fortune, and one final manuscript. Then again, there are enough bodies in her past—her husband Tommy Tipp, whose mysterious disembowelment has never been solved, and a few years later, the shocking murder-suicide of her father and brother. Cassandra Tipp will tell you a story—but it will come with a terrible price. What really happened, out there in the woods—and who has Cassie been protecting all along? Read on, if you dare... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Worse things can happen on the ocean than watching your ship sink from a lifeboat. There are monsters everywhere, even on the water... Ana has trained most of her life to achieve one

goal: to prove that anything men can do, she can do better. Now she's Sector One's first female Rider, and being the best is the only way to ensure she won't be its last. Distractions aren't allowed—especially not her painful attraction to the reserved but demanding leader whose stern, grumpy demeanor has already gotten into her head. Deacon has spent the last twenty years trying to atone for his past, but the blood he spilled as a mercenary and assassin will never wash away entirely. If his Riders knew the extent of his sins, he'd lose their trust and respect. It's easier to keep them all at arm's length, especially Ana. But his newest recruit's stubbornness is starting to crack his defenses. And their sparring matches are driving him wild. The passion sparking between them can't be denied, but neither can the vengeance barreling toward Deacon. When his old squad comes back to punish him for his betrayal, Ana and the Riders are squarely in the line of fire. The only way to save his people may be to make the ultimate sacrifice. But first, he has to convince Ana not to follow him straight into hell. Praise for Book #1 in Gideon's Riders "There's a lot riding on Ashwin, a lot expected of the first novel in a new series by a popular author that makes it a tricky, tight rope to walk. Kit Rocha deftly skips down that line with skill, respect, crushing emotions, and breath-taking imagination." — Heroes & Heartbreakers "Ashwin gives readers a seemingly impossible romance while continuing to entice readers to join them in this new world that celebrates

love, laughter, and life.” — Smexybooks “For me this first book in the new series was just as consuming and addicting as its predecessors. I’m so ready for what comes next. Deacon? Deacon and Ana? Yes, please. Gimme.” — FictionVixen She’s fought like hell to leave the past behind. Trix changed her name and her life when she got clean four years ago. Now, she has a new family and a job she loves—tending bar and dancing at the Broken Circle. As an O’Kane, she’s happy, untouchable. Until a nightmare from her old life tears her away from her home and drags her back to Hell—also known as Sector Five. He’s still living—and dying—in it. Losing Trix was the kick in the head Finn needed to get sober, but working as an enforcer for a man he hates is slowly crushing his soul. The only thing that keeps him going is his determination to destroy Sector Five from the inside. Then Trix comes back into his life—alive, in danger—and nothing else matters. Getting her home could be a suicide mission. The only thing deadlier is the old spark that flares to life between them. Soon, Finn and Trix are battling the one addiction neither of them ever managed to kick—each other. And it could cost them everything. Jordan Belfort—immortalized by Leonardo DiCaprio in the hit movie *The Wolf of Wall Street*—reveals the step-by-step sales and persuasion system proven to turn anyone into a sales-closing, money-earning rock star. For the first time ever, Jordan Belfort opens his playbook and gives you access to his exclusive step-by-step

system—the same system he used to create massive wealth for himself, his clients, and his sales teams. Until now this revolutionary program was only available through Jordan’s \$1,997 online training. Now, in *Way of the Wolf*, Belfort is ready to unleash the power of persuasion to a whole new generation, revealing how anyone can bounce back from devastating setbacks, master the art of persuasion, and build wealth. Every technique, every strategy, and every tip has been tested and proven to work in real-life situations. Written in his own inimitable voice, *Way of the Wolf* cracks the code on how to persuade anyone to do anything, and coaches readers—regardless of age, education, or skill level—to be a master sales person, negotiator, closer, entrepreneur, or speaker. “Handsome heartthrobs and sexy bad boys have stepped out of your fantasies and slipped into the Hot Dudes Coloring Book. Enjoy bringing the men of your dreams to life—in living color!”—Page 4 of cover Ava is a firebug—she can start fires with her mind. Which would all be well and good if she weren't caught in a deadly contract with the Coterie, a magical mafia. She's one of their main hitmen . . . and she doesn't like it one bit. Not least because her boss, Venus, killed Ava's mother. When Venus asks Ava to kill a family friend, Ava rebels. She knows very well that you can't say no to the Coterie and expect to get away with it, though, so she and her friends hit the road, trying desperately to think of a way out of the mess they find

themselves in. Preferably keeping the murder to a minimum, in Lish McBride's *Firebug*. Before they were the King and Queen... Six years before the *Beyond* series started, an ambitious bootlegger named Dallas O’Kane caught a very pretty thief named Lex with her hand in his safe. The rest is very sexy history. In *Beyond Forever*, follow Dallas and Lex through the turning points in their relationship, from the night he caught her trying to rob him, through his rise to successful bootlegger, to legend, to Sector Leader—with Lex always there, willing to give him the push he needs. *Beyond Forever* is a prequel novella that jumps through time to tell the story of the biggest moments in the formation of the O’Kanes and their King and Queen. It will be far more enjoyable if you’ve already read *Beyond Control*, and contains spoilers for the entire *Beyond* series. Especially now that Tatiana’s beloved baby sister has fallen in with a man who wants to start a revolution. Zan failed his boss once, and it won't happen again. So when Dallas O’Kane asks him to defuse the rebellion brewing in the sector, he’ll do whatever it takes to get the job done—including seduce Tatiana. But the former crime princess is tired of being everyone’s sweet little sister. It’s time for her to get wild, to embrace her fantasies as only an O’Kane can—with a delicious exiled soldier and the gang’s wickedly sinful tattoo artist. A saint... Lorenzo Cruz is a warrior, taught by his commanding officers in Eden that involvement equals distraction. Emotion is a liability, and desire a sin. In Sector Four, he finds decadence, shameless sex—and his own dark urges. No battle strategy prepared him for how Rachel makes his heart race...or the way his rival for her affections sets his blood on fire. ...and a sinner. Ace Santana has a dirty reputation and a mind to match, especially where his new lovers are concerned. He’s eager to help Cruz embrace his dominant side, and to explore the lines between pleasure and pain with Rachel. After all, even O’Kanes do forever two-by-two. One of them could be the missing piece that makes them all whole...or a temporary diversion destined for a broken heart. The critically acclaimed author of *Polaris Rising* takes readers on an exciting

journey with the start of her brand-new series about a female bounty hunter and the man who is her sworn enemy. “Jessie Mihalik is an author to watch.” — Ilona Andrews, #1 New York Times bestselling author Octavia Zarola would do anything to keep her tiny, close-knit bounty hunting crew together—even if it means accepting a job from Torran Fletcher, a ruthless former general and her sworn enemy. When Torran offers her enough credits to not only keep her crew afloat but also hire someone to fix her ship, Tavi knows that she can’t refuse—no matter how much she’d like to. With so much money on the line, Torran and his crew insist on joining the hunt. Tavi reluctantly agrees because while the handsome, stoic leader pushes all of her buttons—for both anger and desire—she’s endured worse, and the massive bonus payment he’s promised for a completed job is reason enough to shut up and deal. But when they uncover a deeper plot that threatens the delicate peace between humans and Valoffs, Tavi suspects that Torran has been using her as the impetus for a new war. With the fate of her crew balanced on a knife’s edge, Tavi must decide where her loyalties lie—with the quiet Valoff who’s been lying to her, or with the human leaders who left her squad to die on the battlefield. And this time, she’s put her heart on the line. *Medusa* Uploaded by Emily Devenport offers readers a fast-paced science fiction thriller on the limits of power and control, and the knife-edge between killing for revenge or a greater good. *Vulture*—10 Best

Lili Fleming walked out of Sector Five with a gun, the bloodstained clothes on her back, and an icy determination to survive. Emotion is a risk he can't afford, and a complication she doesn't need. But neither can resist the lust simmering between them, and the sparks that could either melt the ice around both their hearts...or get them killed. New York Times bestselling author Harry Turtledove's thought-provoking forays into the past have produced such intriguing "what-if" novels as *Ruled Britannia*, *Days of Infamy*, and *Opening Atlantis*. Now "the maven of alternate history" (*The San Diego Union-Tribune*) envisions the election of a United States President whose political power will redefine what the nation is—and what it means to be American.... President Herbert Hoover has failed America. The Great Depression that rose from the ashes of the 1929 stock market crash still casts its dark shadow over the country.

Despairing and desperate, the American people hope one of the potential Democratic candidates—New York governor Franklin D. Roosevelt and California congressman Joe Steele—can get the nation on the road to recovery. But fate snatches away one hope when a mansion fire claims the life of Roosevelt, leaving the Democratic party little choice but to nominate Steele, son of a Russian immigrant laborer who identifies more with the common man than with Washington D.C.'s wealthy power brokers. Achieving a landslide victory, President Joe Steele wastes no time pushing through Congress reforms that put citizens back to work. Anyone who gets in his way is getting in the way of America, and that includes the highest in the land. Joe Steele's critics may believe the government is gaining too much control, but they tend to find themselves in work camps if they make too much noise about it. And most people welcome strong leadership, full employment, and an absence of complaining from the newspapers—especially as Hitler and Trotsky begin the kind of posturing that seems sure to drag America into war. As the sheltered princess of Sector One, Maricela's life is defined by duty: to her people and to her family. Her wealth and influence have allowed her to build a better world, but they come with a price—the responsibility to secure political stability with a practical marriage. Maricela cherishes the idea of marrying for love, but there's not much romance in the endless line of

suitors interested only in prestige and power. And her handsome, brooding new bodyguard isn't helping the situation. Ivan is the perfect, deadly warrior, a man trained from childhood to be the ultimate protector to the Rios family. His focus on keeping her safe is intense—and a little intoxicating. When the threat of danger cracks his icy control, Maricela realizes she's not the only one fighting against temptation. Ivan knows that the blood on his hands makes him unworthy of the pure-hearted princess. But from the first kiss, their forbidden affair feels inevitable.
