The Rise of Carry: The Dangerous Consequences of Volatility Suppression and the New Financial Order of Decaying Growth and Recurring Crisis Oct 30 2020 Protect yourself from the next financial meltdown with this game-changing primer on financial markets, the economy—and the meteoric rise of carry. The financial shelves are filled with books that explain how popular carry trading has become in recent years. But none has revealed just how significant a role it plays in the global economy—until now. A groundbreaking book sure to leave its mark in the canon of investing literature, *The Rise of Carry* explains how carry trading has virtually shaped the global economic picture—one of decaying economic growth, recurring crises, wealth disparity, and, in too many places, social and political upheaval. The authors explain how carry trades work—particularly in the currency and stock markets—and provide a compelling case for how carry trades have come to dominate the entire global business cycle. They provide thorough analyses of critical but often overlooked topics and issues, including:

- The active role stock prices play in causing recessions—as opposed to the common belief that recessions cause price crashes
- The real driving force behind financial asset prices
- The ways that carry, volatility selling, leverage, liquidity, and profitability affect the business cycle
- How positive returns to carry over time are related to market volatility—and how central bank policies have supercharged these returns

Simply put, carry trading is now the primary determinant of the global business cycle—a pattern of long, steady but unspectacular expansions punctuated by catastrophic crises. *The Rise of Carry* provides foundational knowledge and expert insights you need to protect yourself from what have come to be common market upheavals—as well as the next major crisis.

The Rise and Fall of Alexandria Jan 21 2020 A short history of nearly everything classical. The foundations of the modern world were laid in Alexandria of Egypt at the turn of the first millennium. In this compulsively readable narrative, Justin Pollard and Howard Reid bring one

of history's most fascinating and prolific cities to life, creating a treasure trove of our intellectual and cultural origins. Famous for its lighthouse, its library-the greatest in antiquity-and its fertile intellectual and spiritual life--it was here that Christianity and Islam came to prominence as world religions--Alexandria now takes its rightful place alongside Greece and Rome as a titan of the ancient world. Sparkling with fresh insights on science, philosophy, culture, and invention, this is an irresistible, eye-opening delight.

The Rise of the Global Company Jul 27 2020 This is the first full account of how an influential form of commercial organization - the multinational enterprise - drove globalization and contributed to the making of the modern world. Robert Fitzgerald explores the major role of multinational enterprises in the events of world history, from the nineteenth century to the present, revealing how the growth of businesses that operated across borders contributed to an unprecedented worldwide transformation and deepening interdependence between countries. He demonstrates how international businesses shaped the economic development and competitiveness of nations, their politics and sovereignty, and the balance of power in international relations. The Rise of the Global Company uses the lessons of history to question prominent contemporary interpretations of multinationals and their consequences, and offers a truly wide-ranging survey of multinational enterprise, spanning two hundred years and five continents.

Rise Aug 20 2022 A straight-shooting Silicon Valley executive reveals insider career strategies to becoming a great leader, developing your network, succeeding without wasting time, and managing trade-offs between your work and life so your life works. Patty Azzarello became the youngest general manager at Hewlett-Packard at age thirty-three, ran a \$1 billion software business at thirty-five, and became a CEO at thirty-eight-all without turning into a self-centered, miserable jerk. In *Rise*, Azzarello shares the insider secrets to advancing your career (while having a life) in three practical steps: Do Better: Set ruthless priorities, and work and lead more strategically to deal with frustrating obstacles. Look Better: Build your credibility with the people who can help (or blacklist) you. Connect Better: Develop your network without being political. Get on "the List" of people who get the best opportunities. Whether you are just starting up the corporate ladder, stuck midcareer, transitioning, or eyeing the corner office, *Rise* shows you the difference between getting ahead and just working hard.

Stan Lee and the Rise and Fall of the American Comic Book Jan 25 2023 Based on interviews with Stan Lee and dozens of his colleagues and contemporaries, as well as extensive archival research, this book provides a professional history, an appreciation, and a critical exploration of the face of Marvel Comics. Recognized as a dazzling writer, a skilled editor, a relentless self-promoter, a credit hog, and a huckster, Stan Lee rose from his humble beginnings to ride the wave of the 1940s comic books boom and witness the current motion picture madness and comic industry woes. Included is a complete examination of the rise of Marvel Comics, Lee's work in the years of postwar prosperity, and his efforts in the 1960s to revitalize the medium after it had grown stale.

The Rise And Fall of British Naval Mastery Apr 04 2021 Paul Kennedy's classic naval history, now updated with a new introduction by the author This acclaimed book traces Britain's rise and fall as a sea power from the Tudors to the present day. Challenging the traditional view

that the British are natural 'sons of the waves', he suggests instead that the country's fortunes as a significant maritime force have always been bound up with its economic growth. In doing so, he contributes significantly to the centuries-long debate between 'continental' and 'maritime' schools of strategy over Britain's policy in times of war. Setting British naval history within a framework of national, international, economic, political and strategic considerations, he offers a fresh approach to one of the central questions in British history. A new introduction extends his analysis into the twenty-first century and reflects on current American and Chinese ambitions for naval mastery. 'Excellent and stimulating' Correlli Barnett 'The first scholar to have set the sweep of British Naval history against the background of economic history' Michael Howard, Sunday Times 'By far the best study that has ever been done on the subject ... a sparkling and apt quotation on practically every page' Daniel A. Baugh, International History Review 'The best single-volume study of Britain and her naval past now available to us' Jon Sumida, Journal of Modern History

The Up Side of Down Apr 16 2022 “Clever, surprisingly fast-paced, and enlightening.”
—Forbes Most new products fail. So do most businesses. And most of us, if we are honest, have experienced a major setback in our personal or professional lives. So what determines who will bounce back and follow up with a home run? What separates those who keep treading water from those who harness the lessons from their mistakes? One of our most popular business bloggers, Megan McArdle takes insights from emergency room doctors, kindergarten teachers, bankruptcy judges, and venture capitalists to teach us how to reinvent ourselves in the face of failure. *The Up Side of Down* is a book that just might change the way you lead your life.

The Rise of the Rest Feb 02 2021 #1 WALL STREET JOURNAL BESTSELLER Steve Case, cofounder of America Online and Revolution and New York Times bestselling author of *The Third Wave*, shows how entrepreneurs across the country are building groundbreaking companies, renewing communities, and creating new jobs—in the process reimagining the American landscape and bringing people together around a shared future. In 2014, Steve Case launched Revolution's Rise of the Rest, an initiative to accelerate the growth of tech startups across the country. Rise of the Rest is based on a simple idea: cities can be renewed and rise again if they develop a vibrant startup culture. A visionary entrepreneur himself, Case believes that great entrepreneurs can be found anywhere, and can thrive with the proper support and investment. In fact, they're key to the American DNA. After all, America itself was a startup. It struggled to get going and almost didn't make it. Today it's the leader of the free world, in part because it has the world's largest economy—a testament to several generations of pioneering entrepreneurs. But America needs help keeping its promises, as it is harder today for innovators who live outside the major tech hubs. For most of the past decade, seventy-five percent of venture capital has gone to just three states—California, New York, and Massachusetts—while the forty-seven states making up the rest of the country have been forced to share the remaining twenty-five percent. And it's even harder for some people no matter where they live. Less than ten percent of venture capital currently goes to female founders, and less than one percent to Black founders. Since new companies—startups—are responsible for net new job creation, it is essential that entrepreneurs everywhere have the opportunity to start and scale companies. Rise of the Rest is about leveling the playing field for everybody, and in the process creating

opportunity and jobs for the people and places that have been left behind. This book tells that story and provides a hopeful perspective on the future of America. In *The Rise of the Rest: How Entrepreneurs in Surprising Places are Building the New American Dream*, Case takes readers on an exhilarating journey into the startup communities that are transforming cities nationwide. Rise of the Rest's signature road trips, on a big red tour bus, have created significant local and national buzz and spotlighted communities large and small that have committed to a new tech-enabled future. Along the way, Case introduces readers to dozens of entrepreneurs whose inspirational stories of struggle and achievement match the most iconic examples of American invention. To date, Case has traveled to forty-three cities on his Rise of the Rest bus tour and has been featured on 60 Minutes, and in *The New York Times*, *USA TODAY*, *Fast Company*, and *The Wall Street Journal*. With dedicated venture funds, backed by an iconic group of investors, executives, and entrepreneurs including Jeff Bezos, Eric Schmidt, Meg Whitman, John Doerr, Sara Blakely, and Ray Dalio, Rise of the Rest also invests in the most promising high-growth startups located anywhere in the US outside of Silicon Valley, New York City, and Boston. The fund has invested in more than 175 companies across more than eighty cities, including: Phoenix, Chattanooga, Chicago, Denver, Detroit, Louisville, Baltimore, Columbus, St. Louis, Green Bay, Madison, Buffalo, Kansas City, Minneapolis, Cincinnati, Miami, Dallas, Salt Lake City, Omaha, Atlanta, Pittsburgh, Nashville, Indianapolis, New Orleans, and dozens of others.

The Rise and Fall of the Third Reich Feb 14 2022 History of Nazi Germany.

The Rise Sep 21 2022 "Popular health and fitness expert Danette May has helped millions of people to exercise, lose weight, and achieve their workout goals. In *The Rise*, she chronicles her own Rise to discovering that the life she was living wasn't the one she was meant for. May had to shed old ways of thinking and being held back, and learn new ways to allow herself to expand beyond what she thought was possible. In this memoir of perseverance, raw vulnerability and truth-telling, May shares her emotional journey through the loss of her son, a divorce, financial ruin, self-hate, and single motherhood, to running her dream company, discovering radical self-love, marrying the man of her dreams, and living a life of unbridled happiness"--

The Rise of the Arabic Book May 17 2022 The little-known story of the sophisticated and vibrant Arabic book culture that flourished during the Middle Ages. During the thirteenth century, Europe's largest library owned fewer than 2,000 volumes. Libraries in the Arab world at the time had exponentially larger collections. Five libraries in Baghdad alone held between 200,000 and 1,000,000 books each, including multiple copies of standard works so that their many patrons could enjoy simultaneous access. How did the Arabic codex become so popular during the Middle Ages, even as the well-established form languished in Europe? Beatrice Gruendler's *The Rise of the Arabic Book* answers this question through in-depth stories of bookmakers and book collectors, stationers and librarians, scholars and poets of the ninth century. The history of the book has been written with an outside focus on Europe. The role books played in shaping the great literary cultures of the world beyond the West has been less known—until now. An internationally renowned expert in classical Arabic literature, Gruendler corrects this oversight and takes us into the rich literary milieu of early Arabic letters.

[Religion and the Rise of Capitalism](#) Dec 20 2019

The Rise Nov 11 2021 An Eater Best Cookbook of Fall 2020 • This groundbreaking new

cookbook from chef, bestselling author, and TV star Marcus Samuelsson celebrates contemporary Black cooking in 150 extraordinarily delicious recipes. It is long past time to recognize Black excellence in the culinary world the same way it has been celebrated in the worlds of music, sports, literature, film, and the arts. Black cooks and creators have led American culture forward with indelible contributions of artistry and ingenuity from the start, but Black authorship has been consistently erased from the story of American food. Now, in *The Rise*, chef, author, and television star Marcus Samuelsson gathers together an unforgettable feast of food, culture, and history to highlight the diverse deliciousness of Black cooking today. Driven by a desire to fight against bias, reclaim Black culinary traditions, and energize a new generation of cooks, Marcus shares his own journey alongside 150 recipes in honor of dozens of top chefs, writers, and activists—with stories exploring their creativity and influence. Black cooking has always been more than “soul food,” with flavors tracing to the African continent, to the Caribbean, all over the United States, and beyond. Featuring a mix of everyday food and celebration cooking, this book also includes an introduction to the pantry of the African diaspora, alongside recipes such as: Chilled corn and tomato soup in honor of chef Mashama Bailey Grilled short ribs with a piri-piri marinade and saffron tapioca pudding in homage to authors Michael Twitty and Jessica B. Harris Crab curry with yams and mustard greens for Nyesha Arrington Spiced catfish with pumpkin leche de tigre to celebrate Edouardo Jordan Island jollof rice with a shout-out to Eric Adjepong Steak frites with plantain chips and green vinaigrette in tribute to Eric Gestel Tigernut custard tart with cinnamon poached pears in praise of Toni Tipton-Martin A stunning work of breadth and beauty, *The Rise* is more than a cookbook. It’s the celebration of a movement.

Rise of the Data Cloud Sep 28 2020 The rise of the Data Cloud is ushering in a new era of computing. The world’s digital data is mass migrating to the cloud, where it can be more effectively integrated, managed, and mobilized. The data cloud eliminates data siloes and enables data sharing with business partners, capitalizing on data network effects. It democratizes data analytics, making the most sophisticated data science tools accessible to organizations of all sizes. Data exchanges enable businesses to discover, explore, and easily purchase or sell data—opening up new revenue streams. Business leaders have long dreamed of data driving their organizations. Now, thanks to the Data Cloud, nothing stands in their way.

The Rise of Zion Mar 15 2022 New Jerusalem in Independence, Missouri, has become a rapidly growing city as Saints from around the world come to Zion to witness the dedication of the New Jerusalem Temple and the discovery and return of the Ten Lost Tribes. But the Coalition forces have regrouped and are planning another attack that will affect the entire world even as the Saints attempt to regain Salt Lake City from the evil leader Sherem.

Tito and the Rise and Fall of Yugoslavia Jan 01 2021 For nearly forty years, up until his death in 1980, Tito, the Yugoslav leader, was world-famous - first as a Partisan against the Germans, then as the first Communist head to break with the Soviet Union, then as a pioneer of the 'non-aligned' world between East and West. Yet, twelve years after Tito's death, Yugoslavia ceased to exist and its people were caught up in a violent civil war. Was Tito to blame? Richard West's revealing biography answers this and other questions.

The Rise and Triumph of the Modern Self Jul 19 2022 Modern culture is obsessed with identity.

Since the landmark *Obergefell v. Hodges* Supreme Court decision in 2015, sexual identity has dominated both public discourse and cultural trends—and yet, no historical phenomenon is its own cause. From Augustine to Marx, various views and perspectives have contributed to the modern understanding of self. In *The Rise and Triumph of the Modern Self*, Carl Trueman carefully analyzes the roots and development of the sexual revolution as a symptom, rather than the cause, of the human search for identity. This timely exploration of the history of thought behind the sexual revolution teaches readers about the past, brings clarity to the present, and gives guidance for the future as Christians navigate the culture's ever-changing search for identity.

The Rise of Greg Mar 03 2021 Magic and mayhem collide in the final book in the monstrously funny middle-grade trilogy *An Epic Series of Failures*. The Dawn of Magic has arrived, and thirteen-year-old Greg Belmont and his friends have only a few weeks left to figure out how to keep the modern world from falling into utter chaos. Greg's former best friend (and current archenemy), Edwin, and his Elven army believe the only way to save the life on earth is to steal the world's magic supply and keep it only for the Elves. But Greg knows Edwin must be stopped. He and his friends will journey from the ancient forests of Russia to the bottom of the San Francisco Bay--battling plenty of fierce creatures and gaining some surprising new allies along the way--and back to the streets of Chicago for the final battle for the fate of magic on earth. Will Greg and his friends save the world? Or will epic failure strike again when it matters most?

The End of Men May 05 2021 Essential reading for our times, as women are pulling together to demand their rights— A landmark portrait of women, men, and power in a transformed world. “Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand.” –The Washington Post Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And “the end of men”—the title of Rosin’s Atlantic cover story on the subject—has entered the lexicon as dramatically as Betty Friedan’s “feminine mystique,” Simone de Beauvoir’s “second sex,” Susan Faludi’s “backlash,” and Naomi Wolf’s “beauty myth” once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and channel it for a better future.

The Rise and Fall of American Growth Oct 10 2021 How America's high standard of living came to be and why future growth is under threat In the century after the Civil War, an economic revolution improved the American standard of living in ways previously unimaginable. Electric lighting, indoor plumbing, motor vehicles, air travel, and television transformed households and workplaces. But has that era of unprecedented growth come to an end? Weaving together a vivid narrative, historical anecdotes, and economic analysis, *The Rise*

and Fall of American Growth challenges the view that economic growth will continue unabated, and demonstrates that the life-altering scale of innovations between 1870 and 1970 cannot be repeated. Robert Gordon contends that the nation's productivity growth will be further held back by the headwinds of rising inequality, stagnating education, an aging population, and the rising debt of college students and the federal government, and that we must find new solutions. A critical voice in the most pressing debates of our time, *The Rise and Fall of American Growth* is at once a tribute to a century of radical change and a harbinger of tougher times to come.

The Rise Feb 26 2023 From celebrated art historian, curator, and teacher Sarah Lewis, a fascinating examination of how our most iconic creative endeavors—from innovation to the arts—are not achievements but conversions, corrections after failed attempts. The gift of failure is a riddle: it will always be both the void and the start of infinite possibility. *The Rise*—part investigation into a psychological mystery, part an argument about creativity and art, and part a soulful celebration of the determination and courage of the human spirit—makes the case that many of the world's greatest achievements have come from understanding the central importance of failure. Written over the course of four years, this exquisite biography of an idea is about the improbable foundations of a creative human endeavor. Each chapter focuses on the inestimable value of often ignored ideas—the power of surrender, how play is essential for innovation, the “near win” can help propel you on the road to mastery, the importance of grit and creative practice. *The Rise* shares narratives about figures past and present that range from choreographers, writers, painters, inventors, and entrepreneurs; Frederick Douglass, Samuel F.B. Morse, Diane Arbus, and J.K. Rowling, for example, feature alongside choreographer Paul Taylor, Nobel Prize-winning physicists Andre Geim and Konstantin Novoselov, and Arctic explorer Ben Saunders. With valuable lessons for pedagogy and parenting, for innovation and discovery, and for self-direction and creativity, *The Rise* “gives the old chestnut ‘If at first you don’t succeed...’ a jolt of adrenaline” (Elle).

Gods and Kings Oct 18 2019 Analyzes the ends of two preeminent fashion designers to demonstrate how they were casualties of the war between art and commerce, chronicling their rise and achievements while sharing insights into how art has suffered at the hands of economic demands.

The Rise of Life on Earth Nov 18 2019 Kathleen, a nurse's aide, falls in love with a doctor who exploits her and sets the path of the remainder of her life.

Rise Aug 28 2020 "In the stunning conclusion to Anna Carey's thrilling dystopian trilogy, Eve has the fate of The New America in her hands"--

The Reckoning Dec 24 2022 An award-winning historian presents a wide-ranging history of accounting, discussing how basic auditing and double-entry bookkeeping have shaped kingdoms and empires as well as how misuse of this system caused the 1929 Crash and the 2008 financial crisis. 30,000 first printing.

Bang Your Head Aug 08 2021 “Bang your head! Metal Health’ll drive you mad!” — Quiet Riot Like an episode of VH1’s *Behind the Music* on steroids, *Bang Your Head* is an epic history of every band and every performer that has proudly worn the Heavy Metal badge. Whether headbanging is your guilty pleasure or you firmly believe that this much-maligned genre has never received the respect it deserves, *Bang Your Head* is a must-read that pays homage to a

music that's impossible to ignore, especially when being blasted through a sixteen-inch woofer. Charting the genesis of early metal with bands like Black Sabbath and Iron Maiden; the rise of metal to the top of the Billboard charts and heavy MTV rotation featuring the likes of Def Leppard and Metallica; hitting its critical peak with bands like Guns N' Roses; disgrace during the "hair metal" '80s; and a demise fueled by the explosion of the Seattle grunge scene and the "alternative" revolution, *Bang Your Head* is as funny as it is informative and proves once and for all that there is more to metal than sin, sex, and spandex. To write this exhaustive history, David Konow spent three years interviewing the bands, wives, girlfriends, ex-wives, groupies, managers, record company execs, and anyone who was or is a part of the metal scene, including many of the band guys often better known for their escapades and bad behavior than for their musicianship. Nothing is left unsaid in this jaw-dropping, funny, and entertaining chronicle of power ballads, outrageous outfits, big hair, bigger egos, and testosterone-drenched debauchery.

Rise Apr 23 2020 Dark pasts and forbidden romances haunt three ambitious sisters as they fight to inherit the throne in this sequel to *Rule*, which New York Times bestselling author Elly Blake called "dazzling" and "pulse-pounding." Sisters Akeylah, Ren, and Zofi are all a step closer to their dying father's throne, a step closer to the crown that will allow one of them to rule over Kolonya. But the sisters' pasts continue to haunt them. Each hides a secret marked with blood and betrayal, and now their blackmailer is holding nothing back. When King Andros discovers the sisters' traitorous pasts, the consequences will shake the entire kingdom to its core. As Kolonya's greatest threat stalks closer and closer, weaving a web of fear and deceit around Ren, Zofi, and Akeylah, even the people they love are under suspicion. If the sisters are going to survive, they'll have to learn to trust each other above all else and work together, not only to save themselves, but to protect everyone and everything they hold dear. With shocking reveals and suspenseful storytelling, this breathtaking sequel to *Rule* will keep you guessing until the very last page.

Brazil on the Rise Jun 25 2020 In this hugely praised narrative, New York Times reporter Larry Rohter takes the reader on a lively trip through Brazil's history, culture, and booming economy. Going beyond the popular stereotypes of samba, supermodels, and soccer, he shows us a stunning and varied landscape--from breathtaking tropical beaches to the lush and dangerous Amazon rainforest--and how a complex and vibrant people defy definition. He charts Brazil's amazing jump from a debtor nation to one of the world's fastest growing economies, unravels the myth of Brazil's sexually charged culture, and portrays in vivid color the underbelly of impoverished favelas. With Brazil leading the charge of the Latin American decade, this critically acclaimed history is the authoritative guide to understanding its meteoric rise.

The Rise of Light Nov 30 2020 A powerful novel about the expectations of family--and the risks and liberation of defying them--by the Washington Post bestselling author of *One for the Blackbird*, *One for the Crow*. 1975. In the town of Rexburg, Idaho, aspiring artist Aran Rigby, his younger sister, Tamsin, and their two brothers are locked in orbit around their emotionally abusive father. Gad is the kind of man who soothes the failures of his own life by controlling the lives of others. But Aran and Tamsin are united in rebellion against their father. They understand each other. They have dreams beyond their small town. Arriving in Rexburg is Linda Duff, an outsider from Seattle hoping to plant new roots far from the bitter ones of her childhood. She's

quickly taken with Aran, in no small part because of his talent. But when they fall in love, Linda is drawn into a family more damaged than the one she left behind. She also becomes privy to a secret Aran and Tamsin share that could dismantle everything everyone holds dear. Upsetting the precarious balance in the Rigby home, Linda becomes an unwitting catalyst for the upheaval of Gad's oppression. Now it's time for them all to break free of the past, overcome the unforgivable, and find a new way forward--whatever the price.

West with the Rise Jan 13 2022 "It is to fly-fishing that Barilla turns for answers. No one would mistake the modern world he travels through for that of the river-going Huck Finn: Barilla drives past strip malls, falls asleep to Dirty Harry playing on his motel-room television, and reads in a trout magazine of a familiar stream now degraded by urban sprawl. But then, as one fishing shop proprietor observes, "No place is what it was." And along his way, the author encounters many settings of uncommon beauty, from Yellow Breeches Creek in Pennsylvania to the Grand Deschutes River in Oregon, each with a singular fishing experience to offer."--Jacket.

The Originals: The Rise Mar 23 2020 Family is power. The Original vampire family swore it to each other a thousand years ago. They pledged to remain together always and forever. But even when you're immortal, promises are hard to keep. Arriving in New Orleans in 1722, Original vampire siblings Klaus, Elijah and Rebekah Mikaelson believe they've escaped their dangerous past. But the city is lawless, a haven for witches and werewolves unwilling to share territory. The siblings are at their mercy...especially after Klaus meets the beautiful and mysterious Vivianne. Her impending marriage is key to ending the war between the supernatural factions—and Klaus's attraction to her could destroy the uneasy alliance. As Elijah works toward securing a piece of the city for his family, and Rebekah fights her unexpected feelings for a French captain, will Klaus's volatile desires bring their world crashing down—and tear them apart for good?

And We Rise May 25 2020 A powerful, impactful, eye-opening journey that explores through the Civil Rights Movement in 1950s-1960s America in spare and evocative verse, with historical photos interspersed throughout. In stunning verse and vivid use of white space, Erica Martin's debut poetry collection walks readers through the Civil Rights Movement—from the well-documented events that shaped the nation's treatment of Black people, beginning with the "Separate but Equal" ruling—and introduces lesser-known figures and moments that were just as crucial to the Movement and our nation's centuries-long fight for justice and equality. A poignant, powerful, all-too-timely collection that is both a vital history lesson and much-needed conversation starter in our modern world. Complete with historical photographs, author's note, chronology of events, research, and sources.

The Rise: Kobe Bryant and the Pursuit of Immortality Jun 18 2022 "A compelling origin story of a time that really wasn't so long ago but through the lens of tragedy feels like forever. Kobeologists will devour this book, reveling in the anecdotes about his intensity & the engaging game recaps." —Associated Press "Every superhero needs an origin story." —Jeff Pearlman The inside look at one of the most captivating and consequential figures in our culture—with never-before-heard interviews. Kobe Bryant's death in January 2020 did more than rattle the worlds of sports and celebrity. The tragedy of that helicopter crash, which also took the life of his daughter Gianna, unveiled the full breadth and depth of his influence on our culture, and by tracing and

telling the oft-forgotten and lesser-known story of his early life, *The Rise* promises to provide an insight into Kobe that no other analysis has. In *The Rise*, readers will travel from the neighborhood streets of Southwest Philadelphia—where Kobe's father, Joe, became a local basketball standout—to the Bryant family's isolation in Italy, where Kobe spent his formative years, to the leafy suburbs of Lower Merion, where Kobe's legend was born. The story will trace his career and life at Lower Merion—he led the Aces to the 1995-96 Pennsylvania state championship, a dramatic underdog run for a team with just one star player—and the run-up to the 1996 NBA draft, where Kobe's dream of playing pro basketball culminated in his acquisition by the Los Angeles Lakers. In researching and writing *The Rise*, Mike Sielski had a terrific advantage over other writers who have attempted to chronicle Kobe's life: access to a series of never-before-released interviews with him during his senior season and early days in the NBA. For a quarter century, these tapes and transcripts preserved Kobe's thoughts, dreams, and goals from his teenage years, and they contained insights into and told stories about him that have never been revealed before. This is more than a basketball book. This is an exploration of the identity and making of an icon and the effect of his development on those around him—the essence of the man before he truly became a man.

The Rise of the West Jun 06 2021 *The Rise of the West*, winner of the National Book Award for history in 1964, is famous for its ambitious scope and intellectual rigor. In it, McNeill challenges the Spengler-Toynbee view that a number of separate civilizations pursued essentially independent careers, and argues instead that human cultures interacted at every stage of their history. The author suggests that from the Neolithic beginnings of grain agriculture to the present major social changes in all parts of the world were triggered by new or newly important foreign stimuli, and he presents a persuasive narrative of world history to support this claim. In a retrospective essay titled "The Rise of the West after Twenty-five Years," McNeill shows how his book was shaped by the time and place in which it was written (1954-63). He discusses how historiography subsequently developed and suggests how his portrait of the world's past in *The Rise of the West* should be revised to reflect these changes. "This is not only the most learned and the most intelligent, it is also the most stimulating and fascinating book that has ever set out to recount and explain the whole history of mankind. . . . To read it is a great experience. It leaves echoes to reverberate, and seeds to germinate in the mind."—H. R. Trevor-Roper, *New York Times Book Review*

The Rise, The Fall, and The Rise Nov 23 2022 *The Rise, The Fall, and The Rise* is the extraordinary story, in her own words, of Brix Smith Start. Best known for her work in *The Fall* at the time when they were perhaps the most powerful and influential anti-authoritarian postpunk band in the world -- *This Nation's Saving Grace*, *The Weird and Frightening World Of ...* -- Brix spent ten years in the band before a violent disintegration led to her exit and the end of her marriage with Mark E Smith. But Brix's story is much more than rock n roll highs and lows in one of the most radically dysfunctional bands around. Growing up in the Hollywood Hills in the '60s in a dilapidated pink mansion her life has taken her from luxury to destitution, from the cover of the *NME* to waitressing in California, via the industrial wasteland of Manchester in the 1980s. What emerges is a story of constant reinvention, jubilant highs and depressive ebbs; a singular journey of a teenage American girl on a collision course with English radicalism on her

way to mid-life success on tv and in fashion. Too bizarre, extreme and unlikely to exist in the pages of fiction, *The Rise, The Fall and The Rise* could only exist in the pages of a memoir.

The Lion and the Tiger Jul 07 2021 An authoritative and lively account of the long and controversial history of the British in India, from the foundation of the East India Company in 1600; to Ghandi's innovative leadership of the increasingly militant Indian Nationalist movement: and finally to Lord Mountbatten's 'swift surgery of partition', leaving behind the Independent states of India and Pakistan. Against this epic backdrop, Judd explores the consequences of British control for both Indians and the British in India. What was the effect on their daily lives, and on the lives they were effectively controlling? Were the British intent on development or exploitation? Were they a 'civilizing' force? Easy answers are avoided, and difficult questions provoked in this fascinating book.

The Rise of Nine Dec 12 2021 In Pittacus Lore's *The Rise of Nine*, third in the New York Times bestselling *I Am Number Four* series, the stakes are higher than ever as John, Six, and Seven try desperately to find the rest of the Garde before it's too late. The Mogadorians who destroyed the planet Lorien continue to hunt down the Garde, the small group of Loric survivors who have taken refuge on Earth. The Garde must come together. They are Lorien and Earth's only hope. During the dangerous mission at the Mogadorian base in West Virginia, John found and rescued Nine. But even with their combined powers, special abilities known as Legacies, the pair barely escaped with their lives—and they lost Sam in the process. In order to save our world and their own, John and Nine must join forces with Six and Seven who have been battling the Mogadorians in Spain, and who are now trying to locate Number Eight in India. Power in numbers will save us all.

Rise Oct 22 2022 Award winning author J.M. Kearl brings to you the first book in an exciting series, *RISE*. A farm girl. A prince. An assassin. A spy. All intertwined in a dangerous game where the players may die. Daelyn leads a simple life farming--that is, until she catches the eye of the Prince of Hesstia and is invited to a night at the royal festival where it is said his brother will push for him to choose a bride. Little does she know, her chance encounter with the handsome prince is a scheme under the orders of the Queen of Delhoon, the Prince's enemy. War is brewing again and threatens to consume both nations. Daelyn finds herself trapped between the opposing sides, and opposing men vying for her affection. In this dangerous arrangement, any wrong move could have Daelyn killed. Every decision she makes could swing the pendulum of who will rise and who will fall in the first book of the *RISE* series

A Life in Books Sep 09 2021 "A Life In Books is an illuminated novel containing 101 books within it, all written by Lehrer's protagonist, author Bleu Mobley, who finds himself in prison looking back on his life and career. Mobley's autobiography/apologia is paired with a review of all 101 of his books. Each book is represented by its first-edition cover design and catalogue copy, and more than a third of his books are excerpted. The resulting retrospective contrasts the published writings (which read like short stories) with the author's confessional memoir, forming a most unusual portrait of a well-intentioned, obsessively inventive (but ethically challenged) visionary."--Publisher description.

Meat, Modernity, and the Rise of the Slaughterhouse Feb 20 2020 This title offers an interdisciplinary look at the rise of the slaughterhouse in 19th-century Europe and the Americas.

Over the course of this period, the factory slaughterhouse replaced the hand slaughter of animals by individual butchers. A wholly modern invention, the municipal slaughterhouse was a political response to public concerns.
