2022 (High School) Economics: Principles in Action is a multi-dimensional program designed to help students of all abilities achieve fundamental understanding of core economic principles. Key concepts, based on the twenty content standards of the National Council on Economic Education (NCEE), are developed throughout the program--through text, graphics, transparencies, videos, and online resources--and supported by a variety of activities to help students apply their new knowledge to the real world.

Prentice Hall Geometry Aug 29 2020 The theorems

and principles of basic geometry are clearly presented in this workbook, along with examples and exercises for practice. All concepts are explained in an easy-to-understand fashion to help students grasp geometry and form a solid foundation for advanced learning in mathematics. Each page introduces a new concept, along with a puzzle or riddle which reveals a fun fact. Thought-provoking exercises encourage students to enjoy working the pages while gaining valuable practice in geometry.
