**Innovations in Behavioural Health Architecture** Dec 27 2020 \*\*\*WINNER OF A NAUTILUS 2018 SILVER MEDAL BOOK AWARD\*\*\* *Innovations in Behavioural Health Architecture* is the most comprehensive book written on this topic in more than 40 years. It examines the ways in which healthcare architecture can contribute, as a highly valued informational and reference source, to the provision of psychiatric and addictive disorder treatment in communities around the world. It provides an overview of the need for a new generation of progressively planned and designed treatment centres – both inpatient and outpatient care environments – and the advantages, challenges, and opportunities associated with meeting the burgeoning need for treatment settings of this type. Additional chapters address the specifics of geriatric psychiatry and its architectural ramifications in light of the rapid aging of societies globally and provide a comprehensive compendium of planning and design considerations for these places in both inpatient and outpatient care contexts. Finally, the book presents an expansive and fully illustrated set of international case studies that express state-of-the-art advancements in architecture for behavioural healthcare.

**Inter-act** Jul 02 2021 *Inter-Act: Interpersonal Communication Concepts, Skills, and Contexts, Ninth Edition*, by best-selling authors Kathleen S. Verderber and Rudolph F. Verderber provides a framework of practical communication skills supported by current theory and numerous real-life examples and scenarios. It addresses modern technology's challenges and obstacles to creating and maintaining healthy relationships between not only those who are close and intimate but those who differ in politics, gender, age, race, religion, and culture. The authors demonstrate the significance of sensitivity to culture, gender, and racial diversity, the importance of ethical communication practices, and ways to reinforce personal ethical communication skills. This ninth and updated edition includes a unique chapter on communicating in the workplace and an entirely new chapter on electronically mediated interpersonal communication. It also includes effective pedagogical features called "Skill Builder Boxes," marginal segments called "Inter-Act with Technology," and sections called "What Would You Do? A Question of Ethics."

**Inter-act** Mar 10 2022 "Inter-Act" has long been a leading text in the interpersonal communications market. For the 10th edition of the text, the Verderbers continue to present readers with a strong framework of communication skills, supported by conclusions drawn from contemporary research and theoretical work done by scholars working in the field. Real-life examples and scenarios bring the skills and concepts presented to life. This balanced text should help students to develop an effective interpersonal communication style.

**Innovations in Hospice Architecture** Apr 11 2022 This fully revised, new edition of *Innovations in Hospice Architecture* responds to the

need for an up-to-date, theoretically based reference book summarizing key historical and recent developments with respect to this rapidly evolving building type. This Second Edition presents: an overview of the historical origins of the contemporary hospice the diverse variations on the basic premise of hospice care a review of the scant architectural literature published on this subject to date a broad series of case studies of exemplary hospices around the world planning and design concepts for palliative care environments. Case study projects are from Japan, Canada, Europe, Africa, Australia, Indonesia, China, the United States and South America. Thirty-six case studies are individually presented and comparatively analysed, and prognostications for the future of hospice architecture are examined. Each case includes floor plans, technical drawings and beautiful, full colour illustrations. Through an in-depth discussion of the inner profundities of hospice architecture, the book presents this type as a humane, genuine expression of the spiritual, physical and psychosocial dimensions of the contemporary death and dying movement. Written with a broad audience in mind, the book provides both technical and conceptual information, blending narrative, images and diagrammation so that the audience may understand and articulate the complexities of this specialized building type in professional practice contexts.

*The Challenge of Effective Speaking* Nov 13 2019 Wadsworth's best selling Public Speaking text, the Verderbers' CHALLENGE OF EFFECTIVE SPEAKING, features a skills-oriented, mainstream approach that has effectively led hundreds of thousands of students through the challenges they face as they develop and deliver speeches. The speech making process is presented in a six-step framework based on classical and contemporary theory. The straightforward writing style and effective use of examples enables students to understand and effectively perform key speech making activities. The six-step framework emphasizes topic selection, audience analysis and adaptation, effective research (including appropriate use of Internet resources), organization (with emphasis on outlining), language and delivery. The six action steps are introduced in generic form and then later adapted to follow principles of informative and persuasive speaking.

**Communicate!** Feb 21 2023 Now in its 15th edition, this groundbreaking human communication text equips students with the communication skills they need to be successful communicators. **Inter-act** Aug 15 2022 Designed to help students explore interactions in both personal and professional domains, and develop the

specific skills necessary to creating and maintaining healthy relationships, *Inter-Act: Interpersonal Communication Concepts, Skills, and Contexts*, Fourteenth Edition, retains the features that have made this book so successful: a theory driven and skills-based focus, an accessible tone and presentation, and a multitude of useful pedagogical tools. For this edition, new coauthor Erina MacGeorge has brought her in-depth knowledge of current theory to bear on each chapter, thoroughly updating the material so that it reflects the current state of knowledge in the discipline. Lively and well-written, *Inter-Act* features numerous activities that enable students to relate their everyday experiences to their studies in communication. It also addresses readers' experiences of communicating across differences in individual identity, gender, and culture. With a strong focus on the importance of ethics, this leading text encourages students to develop their analytic abilities as they think critically about key concepts in interpersonal communication.

*Innovations in Hospice Architecture* Nov 06 2021 Providing much-needed focus on hospice projects in the context of unprecedented rates of societal ageing, this new reference book presents an overview of major recent developments in this rapidly evolving building type. The authors present an overview of the historical origins of the contemporary hospice and the diverse variations on the basic premise of hospice care, and offer a series of case studies of exemplary hospices. The most innovative work in this area over the past decade has been in Japan, the US, Canada and the UK, and the authors describe and analyze examples both as individual projects and as comparable yet differing approaches. *Hospice Architecture* will be essential reading for anyone involved in the planning, design and construction of hospices.

**Challenge of Effective Speaking** Jan 16 2020 This invaluable guide helps students master the concepts presented in the text. Each chapter includes an interactive summary, speech preparation action step activities, additional speech evaluation forms, and a wealth of skills-based activities.

**The Medieval Fold** Aug 23 2020 Striking cultural developments took place in the twelfth century which led to what historians have termed 'the emergence of the individual.' *The Medieval Fold* demonstrates how cultural developments typically associated with this twelfth-century renaissance autobiography, lyric, courtly love, romance can be traced to the Church's cultivation of individualism. However, subjects did not submit to pastoral power passively, they constructed fantasies and behaviors, redeploying or 'folding' it to create new forms of life and culture. Incorporating the work of Nietzsche, Foucault, Lacan, and Deleuze, Suzanne Verderber presents a model of the subject in which the opposition between interior self and external world is dislodged.

*Communicate!* Mar 18 2020 Now in its 14th edition, this ground-breaking, market-leading fundamentals of human communication text helps readers improve their communication competency by becoming proficient in using theory and research-grounded communication skills. **Healthcare Architecture in an Era of Radical Transformation** Dec 15 2019 In the 1960s and 1970s large, high-technology, inpatient oriented hospitals reflected the central role of such facilities in an expanding healthcare system. But hospital architecture and the healthcare system have vastly changed since then, in profound and unpredicted ways. This book explores for the first time how and why acute care hospitals and the often related psychiatric facilities, retirement communities, and community clinics have been transformed during the final decades of the twentieth century. The authors also consider utopian visions of unbuilt work and look ahead to the possible healthcare landscape of the future: "health villages," home-based care for the aging and aged population, and cyberclinics and virtual hospitals.

*Delirious New Orleans* Jan 28 2021 From iconic neighborhoods such as the French Quarter and the Garden District to more economically modest but no less culturally vibrant areas, architecture is a key element that makes New Orleans an extraordinary American city. *Delirious New Orleans* began as a documentary project to capture the idiosyncratic vernacular architecture and artifacts—vintage mom-and-pop businesses, roadside motels, live music clubs, neon signs, wall murals, fast-food joints, and so on—that helped give the city's various neighborhoods their unique character. But because so many of these places and artifacts were devastated by Hurricane Katrina, *Delirious New Orleans* has become both a historical record of what existed in the past and a blueprint for what must be rebuilt and restored to retain the city's unique multicultural landscape. Stephen Verderber starts with the premise that New Orleans's often-overlooked neighborhoods imbue the city with deep authenticity as a place. He opens *Delirious New Orleans* with a photo-essay that vividly presents this vernacular architecture and its artifacts, both before Katrina and in its immediate aftermath. In the

following sections of the book, which are also heavily illustrated, Verderber takes us on a tour of the city's commercial vernacular architecture, as well as the expressive folk architecture of its African American neighborhoods. He discusses how the built environment was profoundly shaped by New Orleans's history of race and class inequities and political maneuvering, along with its peculiar, below-sea-level geography. Verderber also considers the aftermath of Katrina and the armada of faceless FEMA trailers that have, at least temporarily and by default, transformed this urban landscape.

**Photographing Yellowstone National Park** Dec 19 2022 Expert photography advice the author provided to visitors to Yellowstone when he served there as the Kodak Ambassador in Yellowstone National Park. This guide is designed to allow the average visitor to comfortably manage the vast abundance of subjects within Yellowstone National Park and to answer the crucial questions of what is worth photographing and how to do that in a way that will result in postcard-perfect photos of the park's landscapes and wildlife. An appendix provides a suggested itinerary to plan a visit to each district. No park visitor should be without it.
