Draw Patterns Folk Art Designs Design Basics for Swedish Folk Art String Art

Gorgeous patterns from a stylish, glamorous and fashionable era, specially drawn for colouring in. Here are 120 images of graceful garden flowers — foxglove, hollyhocks, columbine, lilies, among others, and 39 stencil designs of blossoming trees, reeds, mushrooms, oak leaves, peacocks, and more. Have you learned your colors and shapes? Now it's time to learn patterns! Stripes, polka dots, plaid, chevron, and more are featured in this first-ever patterns concept book that provides readers with the vocabulary to name what they see in the world around them. The ten most prevalent patterns are presented first as a single element (This is a circle ...), then as a pattern (... a lot of circles make polka dots!). Conceived by educators and illustrated in vivid candy-colored hues, this pitch-perfect introduction to patterns will engage the artistic, mathematical, and linguistic parts of every young child's mind. The Arts and Crafts Movement lends itself perfectly to colouring; pay homage to one of the greatest artists of all time in this stunning book, packed full of patterns and designs from the influential movement of the 1880s and

beyond. The works of William Morris, are now yours to be explored - focusing on the beauty of the home, the importance of the everyday and the vitality of nature, this is a colouring book not to be missed. With beautiful floral designs and truly inspirational pages, join the movement today and let your creativity flourish. Follow the coloured images of Morris' own prints and re-create them yourself on the black and white pages - either copy his style or make it your own. 91 designs for workable projects: abstract patterns in both straight-line and curve; men and women in characteristic 1920s garb; geometrically stylized birds, trees and animals; and more. Intermediate to advanced level. 60 plates. More than 100 stained glass projects using all the well-known themes of Art Nouveau: swirling forms, florals, peacocks, and sensuous women. Sourcebook for use or for inspiration. 104 projects on 60 plates. Let the Dragon be drawn again on the winds of time. Patterns of the Wheel is an adult coloring book suitable for all ages featuring original art drawn from The Wheel of Time ®, a perfect gift for fans of Robert Jordan's fantasy epic. Since its debut in 1990, The Wheel of Time by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and

compelling characters. Over the course of fifteen books and millions of words, the world that Jordan created grew in depth and complexity. Now for the very first time, fans of this astounding saga can color in the hues and vibrant shades of Robert Jordan's most beloved fantasy world. Adorn the symbols of the Ajah and the patterns on Gleeman's Cloak. Experience the peaks of Dragonmount, the depths of the Aryth Ocean, and other parts of the realm. Fill in evocative mandalas, depictions of Old Tongue, and an array of the Wheel of Time's most well-known symbols and magical items. Designed by officially-licensed Wheel of Time artist Amy Romanczuk, Patterns of the Wheel features 40 drawings inspired by pysanky, a traditional Ukrainian folk art, to provide hours of delight for The Wheel of Time's legions of fans. 91 designs for workable projects: abstract patterns in both straight-line and curve; men and women in characteristic 1920s garb; geometrically stylized birds, trees and animals; and more. Intermediate to advanced level. 60 plates. Originally published around 1900, this book is absolutely packed with well-illustrated crochet patterns. The information and instructions within are still of much practical use to the modern reader. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high

quality, modern editions, using the original text and artwork. Contents Include: Entirely New Designs for Lingerie Edgings and Insertions Borders for Tray Cloths and D'oilays Deep Laces for Table Cloths and Valances Motifs for Inlet Work and Irish lace. Featuring both allover patterns and stand-alone designs, this collection consists of 49 full-page illustrations, plus 11 pages with numerous individual images. Handsomely reproduced from a rare Viennese publication. This book will allow you to travel through time and space. To facilitate your journey, the editor has scoured the four corners of the earth in a quest for unusual people and their fascinating patterns. From Mozambique, to Asia, to many European countries, the contributors to The Pattern Book include world-famous cancer researchers, little-known artists and eclectic computer programmers. Some of the patterns are ultramodern, while others are centuries old. Many of the patterns are drawn from the universe of mathematics. Computer recipes are scattered throughout. Although the emphasis is on computer-generated patterns, the book is informal and the intended audience spans several fields. The emphasis is on the fun that the true pattern lover finds in doing, rather than in reading about the doing! The book is organized into three main parts: Representing Nature (for those patterns which describe or show real physical phenomena, e.g., visualizations of protein motion, sea lilies,

etc.), Mathematics and Symmetry (for those patterns which describe or show mathematical behavior, e.g. fractals), and Human Art (for those patterns which are artistic works of humans and made without the aid of a computer, e.g. Moslem tiling patterns.) Contents: Representing Nature Mathematics and Symmetry Human Art Readership: Computer graphic scientists, computer scientists, artists and mathematicians. keywords: Fractals; Pattern; Computer Graphics; Computer Art; Scientific Visualization; Mathematics; Mandelbrot Set; Tilings; Symmetry; Beauty; Aesthetics; Nature "Fractals can be found everywhere, and Clifford Pickover has done a good job in selecting some of the best. The range of the collection is considerable, from 'Wood Pattern' to 'Trajectories of A Neural Network Quantizer in Rhythm Space'. And all possess a simplistic beauty that justifies the presence of art in the title. Such creations, possessing enormous complexity from very simple origins, truly force us to stretch our imaginations. All of the generation processes are very easy to understand, and some modifications for additional exploration are obvious ... One more in the collection of works devoted to fractals, this book ranks among the easiest to understand. A natural first book for those interested in fractals as objects of mathematical study or art." Charles Ashbacher Journal of Recreational Mathematics

"Artists, scientists, and computer enthusiasts will be delighted by this inspiring collection of visually striking patterns with accompanying explanations and references." Julien C Sprott Strange Attractors: Creating Patterns in Chaos "The Pattern Book: Fractals, Art, & Nature — fascinating! A feast for both the eyes and mind! ... This book helps us gain insights on how patterns are created and their scientific connections, while letting us enjoy the impact of their visual beauty. A must for those interested in science, nature, or art." div style="text-align: right;">Theoni Pappas The Joy of Mathematics and The Magic of Mathematics "Particularly noteworthy are the many contributions by Dr. I D Entwistle, whose name is well known to readers of Fractal Report. The images submitted by him show outstanding originality and artistry; of their class they are unique. Other contributors worthy of special mention here include Earl F Glynn and Mieczyslaw Szyszkowicz for their striking and original images ... This beautifully illustrated and informative book can be highly recommended." C J Freeman Fractal Report "Interesting introduction to the world of patterns." The American Mathematical Monthly "The patterns, many in black and white, some in color, are generally intricate and beautiful. Pseudocode and code are provided for many of the patterns. The book stimulates experiment. An excellent resource for entry into the

world of patterns. Recommended for artists, scientists, and computer enthusiasts, undergraduates through professionals." G J G Junevics Choice "The Pattern Book is a visual smorgasbord ... My first prize goes to the microphotograph of leaf structure showing its dendritic and fractal character." The Chemical Intelligencer About this Book This is a String Art tutorial book which contains a Star shape design. There are String Art designs and String Art ideas for beginners (String Art Basics), Professional String Art designs, Expert String Art Designs. These String Art ideas can be implemented anywhere. Some of them are mentioned below: String Art on Canvas String Art designs on paper String Art designs on wood String Art on cardboard String Art on wall String art on thermocol This String Art book contains procedures for how to make String Art for each and every designs specified in this book This String Art book has String Art designs step by step process which anyone can do. This String Art book has String Art Images for every String art project mentioned. String Art is a kind of very entertaining art which can be done by anyone at any age. String Art is a very satisfying art which doesn't need high level training or knowledge for doing the same. String Art designs can be used for various decorations, some of them are mentioned below: String Art designs for Table decorations String Art designs for Room decorations String Art designs for Wall decorations String Art designs

for Stage decorations String Art designs for Marriage decorations String Art designs for Auditorium decorations This String Art book will help anyone to have knowledge to create simple String Art designs and also to create professional String Art designs. This String Art book will show you various String Art patterns like String Art geometric patterns. some of them are as mentioned below: String Art Circle Pattern String Art triangle pattern String Art Rectangle Pattern String Art Square Pattern String Art Star Pattern String Art Pentagon pattern String Art Hexagon Pattern String Art Octagon Pattern This String Art book will give String Art Instructions about basic String Art tools and basic ideas about String Art Materials used to make String Art. Introduction String art is basically "connecting two points with a string", as simple as that. String art is one of the most satisfying art in the world. The main attractiveness of this art is, you don't need high level training or knowledge to start doing it which makes it very easy. The result of this is very satisfying even if it is a simple task to complete a string art design. Anyone at any age can start doing string art. The String Art patterns like String Art geometric patterns can be in any shape. Some examples are: String Art Circle Pattern, String Art triangle pattern, String Art Rectangle Pattern, String Art Square Pattern, String Art Star Pattern, String Art Pentagon pattern, String Art Hexagon Pattern, String Art Octagon

Pattern. The String Art designs can be used for various decorations, some of them are mentioned here: String Art for Table decorations, String Art for Room decorations, String Art for Wall decorations, String Art for Stage decorations, String Art for Marriage decorations, String Art for Auditorium decorations The String Art ideas can be implemented anywhere as mentioned below: String Art on Canvas, String Art on paper, String Art on wood, String Art on cardboard, String art on thermocol, etc. I have started and completed some string art designs and it helped me to relax and entertain myself. After creating some designs it became my hobby. It is one of the very satisfying art which anyone can start. I decided to make this book to share my experience and knowledge with everyone who is reading this book. I'm sure that some of you will get the same experience when doing string art. Coloring book for children and adults, featuring beautiful pixel art patterns Presents a story that is inspired by the works of the Austrian artist Gustav Klimt, who is famous for his brightly decorated paintings. 37+ different String Art Paper Patterns and templates from simple hearts to complex unicorn and cactus designs. With Bonus Alphabets and numbers string art templates. String Art is not just a craft you do to produce beautiful art to decorate your house or as a gift for a special one. It also has a therapeutic effect, especially, during hammering the nails. This book

includes simple and basic step by step instructions to create string art crafts. The templates in this book are ideal for beginners who want simple and adorable designs. The level of complexity in this book ranges from easy to intermediate to fairly complex. Please note that NO strings or nails or any tools are included. Please note that the book has only black and white printed templates with general and simple instructions at the beginning of the book. Tools you need are (Please note that tools are NOT included.) Nails or strong pins Board: Wood, cardboard, or cotton canvas. The patterns in this book will fit in US Letter Size (8.5 x 11 inches / 22 x 28 cm). Of course, you can copy and scale the patterns according to your convenience. Strings The pattern you want to do (You have 37+ options in this book.) Scissors, duct tape, and a pencil. How to use this patterns? The patterns and designs are printed on one single side with no open cutouts. To use simply, tear out the pattern page you want and tape the whole pattern page to the board. With a sharp pencil poke dots at the black dots, then remove the page to reveal the dotted outline. Hammer the nails on the dots. With your choice of colored thread, wrap the thread around each nail, moving in any way you like to fill the pattern. More instructions inside. Features Large 8.5 x 11-inch pages, printed softcover, and paperback binding. The templates are printed on a single side to allow the use of the patterns. Please kindly note

that the pages are not perforated, and tools are not included. 37+ different String Art Paper Patterns and Templates from simple hearts to complex unicorn and cactus designs. With Bonus Alphabets and numbers string art templates. Unleash your creativity and make your own unique art! Scroll up and order your copy Now! An inspiring and accessible guide to creating landscape-style quilts, Art Quilts Made Easy is the perfect basic introduction to art quilting. Featuring 3 stunning yet simple quilt designs, including a bookmark, card, and 8 x 10 scene, author Dr. Susan Kruszynski offers easy-to-follow techniques that infuse art quilts with splashes of intense color that both beginner and experienced quilters can achieve and will love! Also included are sections on planning your quilt and mapping a design, design rules, guidelines, and tips, basic tools, and the entire art quilt process from start to finish! Dr. Susan Kruszynski is an award-winning quilted landscape fabric artist and educator. This unique collection of beautiful floral patterns and stencil designs showcases the rich, muted colors and distinctive, sinuous lines of the Art Nouveau style. Included are 159 floral and foliate motifs, created in the late 1890s by M. P. Verneuil, one of the Art Nouveau movement's finest artists. All the designs have been meticulously reproduced from original plates in two rare, turn-of-the-century portfolios: *Étude de la Plante* and *L'ornementation par le*

Pochoir. Among the graceful images are 120 full-color illustrations of garden flowers — foxglove, hollyhock, columbine, lilies, wisteria, jasmine, and snowdrops, as well as 39 stencil designs (also in color) of blossoming trees, reeds, mushrooms, oak leaves and acorns, peacocks and flowers, wild roses, and more. Finely detailed and subtly shaded, these copyright-free designs are an invaluable resource perfect for adding a note of elegance to fabrics, stained glass, wallpaper, and a host of other art and craft projects. Browsers and devotees of the Art Nouveau style will also welcome this treasury of striking, full-color plates. Explore & Draw Patterns is a fun and offbeat art activity book for curious kids. Designed to get children looking, noticing, thinking and—most importantly—drawing, this book contains a range of engaging activity suggestions. From drawing an abstract pattern with your feet, to imagining what a “relaxed” pattern might look like, these ideas will have kids looking at patterns in the world around them in a whole new way. Through fun drawing and coloring activities and lovely illustrations, the Explore & Draw Patterns gently introduces educational art concepts such as the color spectrum, pattern elements and shading, while also emphasizing that when exploring art there doesn’t have to be a “right” answer. A timely and expansive survey of a groundbreaking American art movement that overturned

aesthetic hierarchies in a riot of color and ornamentation The Pattern and Decoration movement emerged in the 1970s as an embrace of long-dismissed art forms associated with the decorative. Pioneering artists such as Miriam Schapiro (1923-2015), Joyce Kozloff (b. 1942), Robert Kushner (b. 1949), and others appropriated patterns, frequently from non-Western decorative arts, to produce intricate, often dizzying or gaudy designs in media ranging from painting, sculpture, and collage to ceramics, installation art, and performance. This dazzling book showcases an astonishing array of works by more than 40 artists from across the United States, examining the movement's defiant adoption of art forms traditionally viewed as feminine, craft-based, or otherwise inferior to fine art. In addition to offering an overview of the Pattern and Decoration movement as it is commonly recognized, this volume considers artists of the period who are not typically associated with the movement. Rethinking the significance of patterns and the decorative in postwar American art, this panoramic view provides new insights into abstraction, feminism, and installation art. Essays explore the movement's feminist methods and values, including Miriam Schapiro's "femme" practice; its impact on contemporary abstract painting; and its relationship to postmodern architecture and design. Artist biographies, an exhibition history, and reprints of historically significant writings further establish With

Pleasure as the most expansive publication on the subject. Brighten the classroom with these beautifully illustrated patterns for fall. The projects are designed to build visual-motor coordination and scissor skills as children color, cut, and put together the patterns. They lend themselves to bulletin board decorations, hall displays, mobiles, and more. The patterns in this packet include a squirrel gathering acorns, an acorn character, a scarecrow, Christopher Columbus, and more. This Bulletin discusses the Met's extensive collection of Renaissance textile pattern books, used primarily by women to embroider clothes and accessories. The practice of embroidery was seen as a virtuous endeavor, and textile pattern books, published with great frequency from the 1520s onward, were designed to inspire, instruct, and encourage "beautiful and virtuous women" in this esteemed practice. Straddling the disciplines of early printmaking, ornament design, and textile decoration, these works help shed light on the crucial period when the concept of fashion as a means of distinguishing individual identity became fixed in Western society. This Pyrography Art Patterns & Designs sketch book is ideal for helping plan all your Pyrography Projects. This Pyrography Art Sketchbook is ideal for anyone who loves Pyrography with space to plan out Pyrography Projects, sketch the design and pick out a couple of details to draw in

more detail, list materials & tools, as well as make notes. Accompanying Dot Grid pages allow you to create extra sketches, paste in images for inspiration, keep further notes, jot down techniques, and brainstorm all sorts of additional elements of your Pyrography Art. Makes a perfect keepsake to record and remember all your favorite Pyrography Patterns & Designs. Great gift for Pyrography Artists and Pyrography Lovers. Features: Project Name Make Design Sketches & Detail Sketches Start and Completion Dates List Materials & Tools Accompanying Dot Grid Pages Special Keepsake Reliable standards Book industry perfect binding (the same standard binding as the books in your local library). Tough Matte Full-color SOFT cover. Crisp white paper, with quality that minimizes ink bleed-through. The book is great for either pen or pencil users. The South Beach Frame is a bracket designed by Handley Industries that enables crafters to mount and illuminate their art glass on wall. This title presents 13 patterns designed to take advantage of the South Beach Frame. It includes instruction section that features tips for using the patterns for stained glass, fused glass and mosaic projects. In all early cultures, weaving represented the image of creation. In this beautiful book, Martin presents the history, folklore, and techniques of weaving through various cultures. She explains and illustrates the three basic

weave structures-plain weave, twills, and satins-along with many famous weaving patterns. Traditions of dyeing, fiber preparation, and spinning are introduced along with the rich legacy of myths and legends they have engendered. Diagrams illustrate the construction of various looms, from the simple backstrap loom to the complex and revolutionary Jacquard loom. For anyone who has ever knitted, sewn, or woven, this book is a treasure. BALTICA coloring book series is a compilation of Baltic peoples ethnographic folk art. Textile designs that have been passed on from generation to generation for centuries. Today we invite you to discover folk art in a brand new way - BALTICA way! Tune out from everyday noise and tune into more creative and peaceful you! Enjoy Baltic heritage through detail and color while relaxing. It's known that creative activities like coloring reduce stress, boost mental clarity and helps center oneself. BALTICA IV (Estonian edition) Estonian culture is unique in its "East-meets-West" character. Estonia is renowned for its beautiful folk art: embroidery, lace-making, wood-work, and knitwear. Cherished handicraft traditions are honored and passed on for generations and now exclusively displayed in Baltica coloring book. Here's a little glimpse into the beauty of the Estonian folk art; 33 unique designs and patterns on single-sided pages for your coloring pleasure! You can release your imagination and play with the

colors making your own pieces of art on every page or you can find the colors of the original patterns and color them the way the pattern was used in one or other Baltic region. Every pattern is made from several geometrical shapes of different sizes making it fun to achieve the perfection on your own terms. The different sizes of the patterns let you choose the level of intensity of your coloring session - bigger shapes for long strokes or petite ones for precision. By choosing BALTICA Coloring books, you are not only embracing the art, you are also helping to preserve a part of World's Cultural history, and the legacy of our ancestors can go on. Enjoy! Join our community on Facebook and IG @balticaincolor Discover a new source of inspiration for your crochet hook...the beautiful work of today's modern makers! Follow popular crochet blanket designer Rachele Carmona through her unique collection of crochet blankets inspired by the work of popular independent artists. photos profiling 6 inspiring modern makers--Tula Pink, April Rhodes, Maryanne Moodie, Fransisco Valle, Maud Vantours, and Caitline Dowe-Sandes. Discover the inspiration that lies beyond the world of crochet with *The Art of Crochet Blankets*. "Brief, nontechnical instructions describe and illustrate each network upon which repeat patterns can be arranged, while a rich array of 280 illustrations depict historical and contemporary examples of pattern, many adapted from such diverse sources as an ancient Peruvian stone amulet, 12th-century mosaics, 13th-century damask, Japanese stencil designs, and much more. Decorative samples appear in macrame and embroidery, mosaics, painting, collage, sculpture, on wrapping paper and in other decorative art forms. A brief Vocabulary includes basic terms used to describe patterns and a concluding chapter explores the visual range of one particular motif - the Romanesque arch form."--BOOK COVER. Here are 69 striking images of fairies, fire-breathing dragons, half-human figures, phoenix, and more. Ideal for a variety of art and craft projects. Throughout history, patterns have come in countless permutations of motif, colour-way and scale. Yet what all have in common is the regularity of repetition, that insistent rhythm that animates a flat surface with a sense of movement and vitality and gives it depth. Evident in the arrangement of petals on a flower head, the branching

growth of stems and vines, the spirals of a seashell - pattern is inherent in the natural world that surrounds us. Powerful and transformative, pattern has an irrepressible joie de vivre. With more than 1,500 illustrations of patterns from all ages and cultures, *Pattern Design* is a visual feast. This comprehensive compendium is arranged thematically according to type, with chapters on Flora, Fauna, Pictorial, Geometric and Abstract designs. These broad categories are supplemented by in-depth features highlighting the work of key designers from the rich history of pattern-making - such as William Morris, Sonia Delaunay, Charles and Ray Eames, Lucienne Day and Orla Kiely - along with sections detailing the characteristic motifs of key period styles from Baroque to Art Deco. This is a beginner book for learning the basics of Swedish Folk Art, a beautiful painted art that was done in Sweden in the 1700, 1800's and early 1900s. There are several different styles which are described in this book and there are patterns of each with complete instructions. There are several pages with illustrated strokes to show the novice painter how to approach and decorate wooden pieces with this ethnic art form. Diane Edwards has done much research into Scandinavian folk art and she has simplified the approach to this art form using acrylics and easily available brushes for today's artist. This book is a great introduction to the beautiful Swedish art form that

can be applied to any present day decor. Included are easily usable patterns and instructions in exactly how to apply them to wood, walls, paper and canvas. There are many books available to study this art form but this is one of the few that can be used to learn how to paint it from the basics on to the more complex designs and patterns. Diane has also written a second book on Swedish Folk Art, "Swedish Folk Art, Floral and Kurbits Designs" that is also available. There are colored photos of all the designs in this book with black and white drawings of the designs. There are colored pages with basic strokes and the patterns broken down into the basics that make all of them up. There is also an extensive Bibliography of all the Swedish and Scandinavian books that make up the history of these beautiful art forms. Also, there are extensive listings of the supplies that are easily available to any artist who would like to learn how to do this type of folk art painting. There is also a conversion chart for DecoArt Acrylics and JoSonja Acrylic Gouache which can be obtained in your local craft store or online arts and crafts retailer. She has also written a Norwegian Folk Art book for Young People showing very basic painting techniques for children or adults who want very basic information on Folk Art Painting. Draw, paint and collage all kinds of amazing patterns with this jam-packed activity book. Spark your imagination and get creative as you make maze patterns, tessellating patterns, mosaics

and even multi-coloured marbling patterns. Forty of Victorian master's most famous designs for wallpapers, chintzes, velveteens, tapestries, tiles, carpets, and more. Reproduced from original color plates of *The Art of William Morris. Fitting and Pattern Alteration: A Multi-Method Approach to the Art of Style Selection, Fitting, and Alteration, Third Edition*, shows readers how to recognize, evaluate, and correct fit for 88 figure variations. This comprehensive guide presents proven methods of style selection, fitting, and alteration. The authors use a multi-level approach that is both logical and easy to follow, and each procedure is clearly identified and fully illustrated with a second color added to clarify the procedure and show directional measuring. Each figure is drawn to scale ensuring consistency and accuracy. The cause for the fitting problem is clearly identified and explained--giving readers the why behind each fitting procedure. Highlights of this edition include new photographs of common fit problems, as well as instructions for working with multi-sized patterns and correcting garments that have more than one fit problem. New to this Edition ~ Chapters open with added key terms and chapter objectives ~ End-of-chapter discussion questions

allow the reader to fully engage with the content ~ New 2-color graded pattern illustrations, measurement illustrations, photos of actual body types and illustrations of advanced bodice and pant fitting patterns ~ Updated Reality Check boxes present further details on the topic at hand and reinforce the learning experience Introducing Fitting and Pattern Alteration STUDIO--an online tool for more effective study! - Study smarter with self-quizzes featuring scored results and personalized study tips - Review concepts with flashcards of terms and definitions PLEASE NOTE: Purchasing or renting this ISBN does not include access to the STUDIO resources that accompany this text. To receive free access to the STUDIO content with new copies of this book, please refer to the book + STUDIO access card bundle ISBN 9781501318207. Flowers, vines, leaves, and other lovely natural forms burst from the pages of this gallery of 132 brightly colored motifs. Meticulously reproduced from a rare European publication of the early 20th century, these patterns are genuine products of the Art Nouveau era. Graphic artists and hobbyists will find them ideal for designing backgrounds, stationery, and countless other print and crafts projects. Learn to draw spectacular patterns from the simplest steps! Packed with arty inspiration,

super-smart tips, and clear, step-by-step instructions, this is the ultimate guide to creative decorative pattern art. Soon you'll be drawing gorgeous nature patterns ... motifs from around the world ... and awesome geometric art! Perfect for kids aged 7+. This is a source of ideas for all craftspeople and artists. The designs are copyright-free and can be photocopied, traced, coloured, adapted or used as inspiration for creating one's own designs. Sheilah Shaw has discovered a remarkable way to draw beautiful patterns and in this book shows how it is done. She starts with circles and then explains how to draw special grids in them. From these grids she demonstrates how patterns are developed, giving an almost infinite range of possibilities. There are many of her patterns to color and a selection of the grids, as well as advice and help to create some truly original designs. Travelers & scholars have long been puzzled by similarities in the arts of diverse ancient & tribal cultures. It remained for the American art historian Carl Schuster (1904-1969) to discover a set of patterns designed by ancient peoples to illustrate their ideas about kinship. Schuster succeeded in decoding this iconography, which lasted over ten thousand years, crossed continents, & outlived most of the cultures that sheltered it.
