birds are  
vertebrates  
meaning they have  
backbones all  
female birds lay  
eggs in which the  
young develop  
before hatching  
these animals are  
warm blooded and  
can regulate their  
body temperature  
all birds have wings  
but not all birds use  
them to fly  
penguins and  
ostriches for  
example do not fly
