The Surrender Jan 31 2021 Few women do it and even fewer will admit to it. But in Toni Bentley's daring and intimate memoir, *The Surrender*, she pulls the sheets back on an erotic experience that's been forbidden since the Bible and celebrates "the joy that lies on the other side of convention, where risk is real and rapture resides." From *Story of O* to *The Kiss* to *The Sexual Life of Catherine M.*, readers have been enthralled with sexually subversive memoirs by women. But even those erotic classics didn't navigate the psychosexual terrain that Bentley does when she meets a lover who introduces her to a radical and unexpected pleasure, to the "holy" act that she came to see as her awakening. *The Surrender* is a witty, intelligent, and eloquent exploration of one woman's obsession that will be sure to leave readers questioning their own desires.

Memoirs of a Woman of Pleasure Mar 01 2021 John Cleland's *Memoirs of a Woman of Pleasure* has been described as the first erotic novel in English and is perhaps the greatest example of the genre. From the outset it was mired in disrepute. Cleland penned the novel to liberate himself from debtors' prison, and the book's manifestly lewd content led to its legal suppression within a year of publication. Though versions of the novel, nearly always abridged in some form, continued to find a way into print, the *Memoirs* remained an underground text until the 1960s. Only as that decade ushered in a culture less socially deferential and more sexually permissive was the moment opportune for the obscenity ban to be successfully challenged. Cleland's novel is a triumph of literary style, resting on his invention of an entirely new, vividly metaphoric, terminology for describing sexual pleasure. This Broadview Edition provides extensive materials on Cleland's biography and career, contemporary censorship, and pornography and prostitution in the eighteenth century.

The Erotic Memoirs of a Lusty Victorian Rake: Volume 2 Sep 26 2020 In 1885 sixteen-year-old Johann Gewirtz leaves Imperial Vienna and the Continental fleshly delights that he has begun to explore so avidly to complete his education in England. Although he is given a delicious farewell, courtesy of two of the luscious chambermaids in the Gewirtz household, he is somewhat apprehensive about what life will hold for him at the Harcourt Academy for the Sons of Gentlefolk. However, Johann's spirits are buoyed up on the journey by some sensual fun with uninhibited sisters from Ireland, and a wild two days in Paris with his Uncle Pieter and the famous artist Henri Toulouse-Lautrec. Little wonder that Johann is feeling rather tired by the time he reaches London. But he summons up new reserves of strength to enjoy further romps with two raunchy young English girls before settling in at his new school.

Memoirs of a Coxcomb Aug 26 2020 So delicate is the pleasure, so superior to defending is the dignity of confessing one's follies, that the wonder is to see so few capable of it. Yet, what does such a confession cost, but the sacrifice of a paltry, miserable, false self-love, which is for ever misleading and betraying us? And of all its illusions there is not perhaps a more dangerous or a more silly one, than that which hinders us from discerning that there is scarce a less merit in acknowledging candidly one's faults, than in not having been guilty of them. For my own part, I speak experimentally. I never felt so pleasing, so sensible a consolation for the misfortune of having been a coxcomb, and an eminent one, too, as this proof of the sincerity of my conversion, in the courage of coming to a fair and open confession of the follies I drove into, in the course of that character. And though nothing is truer than that the desire of pleasing the ladies first engaged me to take it up, and seek with uncommon pain to shine in it, it is but justice to subjoin that, if I owed to that amiable and unaccountable sex my having been a coxcomb, I owe to a select one of it, too, the being one no longer. But let the following history of my errors and return to reason, which I now go into without further preamble, substitute facts to reflections. These ever follow with a better grace than they lead. My father and mother died long before I knew all that I lost, in losing them. I was their only child, and under that title heir to two of the best estates in two of our richest counties in England, besides a sum that did not want many thousand pounds of making what is called, in the language of Change-Alley, a plumb: and which was secured to me much more effectually, as it happened, than a good education. For to say that I had not a bad one was barely all that I dare venture, and keep any measures with truth. Being left as I was, under" the care and tuition of an old, rich aunt, who was a widow, and past the possibility of having any children herself; her declared and real intention to leave me all her fortune, which was very considerable, though most certainly I could not want it, engaged my guardians to acquiesce in my education being trusted without the least interposition or control, on their part, to her management and direction. There was the less reason, 3 too, for this choice, for that a woman who had from her infancy constantly lived, in the country, and of course had been but little acquainted with the world, could not be the fittest person in it, to superintend the bringing up of a young gentleman of my pretensions to make a figure in it, both from my birth and my fortune. But such is the power of interest. My aunt insisted, and the expectation of that distant, superfluous addition to my fortune formed in the eyes of my guardians a sufficient excuse for giving way to my aunt's fondness.

In matters sexual I am aware only of truth, though because this truth of which I write cannot clearly be expressed in 'the language of a lady', I know my story may be more than public morals can bear. So be it." -- From the memoirs of Susanna, Lady F Kidnapped and shipwrecked on a tropic isle, the Lady Susanna finds that paradise comes complete with the willing and most intimate worship of the natives, who appoint her as their goddess of love and fertility. When the island paradise is invaded by devils in the form of a priestly slave-trader and his crew, Susanna is forced to protect the people who consider her their goddess, rather than to succumb to the evil brought by her own countrymen.

Dad Made Dirty Movies Oct 08 2021 Strippers, zombies, fugitives and jewel thieves. These were just some of the characters who inhabited the weird, wild films of director Stephen C. Apostolof in the 1960s and 1970s. But Apostolof's own life was every bit as improbable as the plots of his lurid movies. Escaping the clutches of the communists in his native Bulgaria, he came to America in 1952 and decided on a whim to reinvent himself as a Hollywood filmmaker, right down to the cigars, sunglasses and Cadillacs. He produced a string of memorable sexploitation classics, including the infamous *Orgy of the Dead*. Along the way, he married three times, fathered five children and forged a personal and professional relationship with the notorious Ed Wood, Jr. Drawing on rare archival material and interviews with those who knew him best, this first biography of Apostolof chronicles the life and career of a cult film legend.
