Code Talker Jan 06 2021 "Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to

find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. [The Distance Between Us](#) Aug 25 2022 In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this "compelling...unvarnished, resonant" (BookPage) story of a childhood spent torn between two parents and two

countries. As her parents make the dangerous trek across the Mexican border to “El Otro Lado” (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to “El Otro Lado” to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, *The Distance Between Us* poignantly captures the confusion and contradictions of childhood,

reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Leviathan or The Matter, Forme and Power of a Commonwealth Ecclesiasticall and Civil—commonly referred to as Leviathan—is a book written by Thomas Hobbes. Its name derives from the biblical Leviathan. The work concerns the structure of society

and legitimate government, and is regarded as one of the earliest and most influential examples of social contract theory. Leviathan ranks as a classic western work on statecraft comparable to Machiavelli's *The Prince*. Written during the English Civil War (1642–1651), Leviathan argues for a social contract and rule by an absolute sovereign. Hobbes wrote that civil war and the brute situation of a state of nature ("the war of all against all") could only be avoided by strong, undivided government. *The City of Ember* May 10 2021 A modern-day classic. Romans Feb 16 2022 Christians have been brought, by faith in Christ, into the kingdom of God, but they are still citizens of an earthly kingdom. How does life in one kingdom connect with life in the other? Does obedience to God somehow exempt Christians from obedience to earthly rulers? And what of the vexed question of the relationship of church and state? Insisting that these

questions have been of more than theoretical interest throughout church history and remain so today, Dr Lloyd-Jones examines the function of government, the Christian's attitude to war and revolution, the lordship of Christ over church and state, the Christian's relationship to the law of God, the meaning of loving one's neighbour, and many related topics. All these matters are viewed in the light of the transience of earthly life and the coming of Christ in judgment. The heavenly perspective presented here is calculated to correct over-anxiety about the kingdoms

of this world and to promote readiness for the 'day' that has yet to dawn. Snow in August Oct 22 2019 Set in a working-class Brooklyn neighborhood in 1947, this poignant tale revolves around two of the most endearing characters in recent fiction: an 11-year-old Irish Catholic boy named Michael Devlin and Rabbi Judah Hirsch, a refugee from Prague.

For more news and specials on immunization and vaccines visit the Pink Book's Facebook fan page [Into the Wild](#) Dec 17 2021 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a

vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he

reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity,

and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page. [The Skin I'm in](#) Feb 04 2021 Maleeka suffers every day from the taunts of the other kids in her class. The Cay Mar 08 2021 For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand--until the freighter he and his mother are traveling to the United States on is torpedoed. When

Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New

[Things Fall Apart](#)

Jan 18 2022

THINGS FALL APART tells two overlapping,

intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing

European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. **THINGS FALL APART** is the most illuminating and permanent monument we have to the modern African experience as seen from within. **Evicted** Aug 01 2020 NEW YORK TIMES BESTSELLER • WINNER OF THE PULITZER PRIZE • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • One of the most acclaimed

In **Evicted**, Princeton sociologist and MacArthur “Genius” Matthew Desmond follows eight families in Milwaukee as they each struggle to keep a roof over their heads. Hailed as “wrenching and revelatory” (The Nation), “vivid and unsettling” (New York Review of Books), **Evicted** transforms our understanding of poverty and economic exploitation while providing fresh ideas for solving one of twenty-first-century America’s

most devastating problems. Its unforgettable scenes of hope and loss remind us of the centrality of home, without which nothing else is possible. **NAMED ONE OF THE BEST BOOKS OF THE YEAR** BY President Barack Obama • The New York Times Book Review • The Boston Globe • The Washington Post • NPR • Entertainment Weekly • The New Yorker • Bloomberg • Esquire • BuzzFeed • Fortune • San Francisco Chronicle • Milwaukee Journal Sentinel • St. Louis Post-Dispatch • Politico • The Week • Chicago Public Library • BookPage • Kirkus Reviews • Library Journal • Publishers Weekly •

Revelation Jan 30 2023 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerical predictions. According to these, empires will fall, the “Beast” will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
