Three classic dog tales brought together in a single volume Old Yeller Winner of the Newbery Honor When his father sets out on a cattle drive for the summer, fourteen-year-old Travis is left to take care of his mother, younger brother, and the family farm. In the wilderness of early frontier Texas, Travis faces his new and often dangerous responsibilities, with many adventures along the way, all with the help of the big yellow dog who comes to be his best friend. Sounder Winner of the John Newbery Medal Sounder is a loyal family dog, determined to help his owners through thick and thin. This is the story of a great coon dog and the poor sharecroppers who own him, and of the courage and love that bind a black family together in the face of extreme prejudice from the outside world. Savage Sam In this sequel to Old Yeller, Travis and his younger brother are kidnapped by an Indian raiding party, and Savage Sam, the son of the beloved yellow dog, leads a frantic chase to bring them back. Because of his fear of the sea, a young Chinese boy is sent to a distant mountain where he proves his bravery. Striking and stylish, Look Look! is the ideal first board book for babies just beginning to look and learn and a perfect gift for little hands. Look, look! Children run, fish swim, stars shine . . . all for baby's eyes to see. This sturdy board book, full of high-contrast black-and-white cut-paper art perfect for staring at, is just the thing for the eyes of the youngest babies. A few words in curving red type on each spread describe the scenes—a car races, a cat stretches, flowers bloom—and extend the book's age appeal so that it will be fascinating to older babies, too. Drawing on thousands of "reading autobiographies," in which generations of students wrote about their experiences with reading, this book investigates what makes young people want to read. Chapters include: (1) Growing with Books; (2) Learning To Read; (3) Literature and the Human Voice; (4) Reading Habits and Attitudes: When, Where, and How; (5) Sources for Books; (6) Reading and Human Relations; (7) What Books Do for Readers; (8) Subliterature; (9) Teachers and Teaching: The Secondary School Years; (10) Libraries and Librarians; (11) The Reading of Poetry; (12) The Classics; (13) Barriers: Why People Don't Read; and (14) Final Discussion. (ARH) A small twelve-year old boy's determination to prove he is tough sets him on the trail of a runaway horse. The closing of local mines and factories collapsed the economic and social structure of Ivanhoe, Virginia, a small, rural town once considered a dying community "on the rough side of the mountain." Documenting the creative survival techniques developed by Ivanhoe citizens in the aftermath, It Comes from the People tells how this community organized to revitalize the town and demand participation in its future. Photos, interviews, stories, songs, poems, and scenes from a local theater production tell how this process of rebuilding gradually uncovered the community's own local theology and a growing consciousness of cultural and religious values. A significant aspect of this social transformation in Ivanhoe, as in many rural areas, was the emergence of women as leaders, educators, and organizers, developing new approaches to revive the economy and the people simultaneously. This book is unusually open about the difficult process faced by outside researchers working with community members to describe community life. It discusses the inherent dilemmas frankly and presents a model for those who engage in community studies and ethnographic research. Author note: Mary Ann Hinsdale is Associate Professor of Religious Studies at Boston College. Helen M. Lewis is Interim Director of the Appalachian Center at Berea College in Kentucky. S. Maxine Waller is President of the Ivanhoe Civic League and directs community-based student volunteer programs in Virginia. When a novel like Huckleberry Finn, or The Yearling, comes along it defies customary adjectives because of the intensity of the response it evokes in the reader. Such a book, we submit, is Old Yeller; to read this eloquently simple story of a boy and his dog in the Texas hill country is an unforgettable and deeply moving experience. The big, ugly, yellow dog showed up out of nowhere one night and stole a whole side of hanging pork, and when Travis went for him the next morning that dog started yelling like a baby before he was touched. Then he got into the spring water with five-year-old Arliss, Travis took an easy hate

to Old Yeller, as they started to call him; in fact, he would have driven him off or killed him if it hadn't been for brother Arliss' loud and violent protests, So Yeller stayed, and Travis soon found he couldn't have got along without him. Pa and Ma and Travis and Arliss lived on Birdsong Creek in the Texas hill country. It wasn't an easy life, but they had a snug cabin that Pa had built himself, and they had their own hogs and their own cattle, and they grew most of what else they needed. The only thing they and the rest of the settlers lacked that year in the late 1860's was cash, so the men decided to get together and drive all the cattle up to the new market in Abilene, Kansas, more than six hundred miles away. Travis was only fourteen, but he was proud of his new role as man of the family and determined to live up to his responsibility. It was hard work, too, plowing until his legs ached, chopping wood until his hands were raw and his head was spinning, weeding the garden in the hot sun, toting the heavy buckets tip from the spring, and trying to keep his mischievous little brother in line. But there were pleasant moments, too: his Ma treating him like a man, and deer hunting in the early-morning stillness, and hot summer nights out in the corn patch under the stars with Old Yeller, trying to keep the coons and skunks out of the winter food supply. And there was plenty of excitement, like the fight between the two bulls, and the time Arliss nearly got mauled by the bear, and trying to catch and mark the new hogs. Here the suspense and excitement reach a peak, only to be topped a few pages later when the crazy-sick loafer wolf goes for Ma. Both times it is Yeller who saves them, only the second time it is not lucky for Yeller, as Travis comes to find out. And in finding out, Travis learns just how much he has come to love that big ugly dog, and he learns something about the pain of life, too. Old Yeller is a story that will be read and treasured by many thousands for years to come. In a shorter form, this has appeared as a three-part serial in Collier's. *Nighty-night, Baby!* The cheekily charming tot goes through a typical nightly routine in a humorous bedtime book. Dinner is finished, the sun is setting, and Baby is getting ready for bed, sneaking in a naked dance before bath time. Then it 's on to tooth cleaning, hair brushing, bear hugging, and getting cozy in PJs. Finally it 's time for a bedtime story (" Again! Again! ") and a song with Mommy before Daddy turns out the light. *Kissy kissy!* At a family reunion, Shelley Wollcott comes to terms with her parents' divorce, her mother's absence, her new stepmother, and being the "stable" member of her colorful family. Reprint. This powerful Newbery-winning classic tells the story of the great coon dog Sounder and his family. An African American boy and his family rarely have enough to eat. Each night, the boy's father takes their dog, Sounder, out to look for food. The man grows more desperate by the day. When food suddenly appears on the table one morning, it seems like a blessing. But the sheriff and his deputies are not far behind. The ever-loyal Sounder remains determined to help the family he loves as hard times bear down. This classic novel shows the courage, love, and faith that bind a family together despite the racism and inhumanity they face in the nineteenth-century deep South. Readers who enjoy timeless dog stories such as *Old Yeller* and *Where the Red Fern Grows* will find much to love in *Sounder*, even as they read through tears at times. A young American Indian returning from World War II searches for his place on his old reservation and in urban society. Now a major motion picture from Warner Brothers, starring Kevin Bacon, Diane Lane, Luke Wilson, Frankie Muniz, and "Eddie" from the TV show *Frasier* (as Skip), and produced by Mark Johnson (*Rain Man*). In 1943 in a sleepy town on the banks of the Yazoo River, a boy fell in love with a puppy with a lively gait and an intellingent way of listening. The collected short work of an American master, including *The Red Badge of Courage* and *Maggie: A Girl of the Streets*. Stephen Crane died at the age of 28 in Germany. In his short life, he produced stories that are among the most enduring in the history of American ficiton. *The Red Badge of Courage* manages to capture both the realistic grit and the grand hallucinations of soldiers at war. *Maggie: A Girl on the Streets* reflects the range of Crane's ability to invest the most tragic and ordinary lives with great insight. James Colvert writes in the introduction to this volume: "Here we find once again the major elements of Crane's art: the egotism of the hero, the indifference of nature, the irony of the narrator ... Crane is concerned with the moral responsibility of the individual ... (and) moral capability depends upon the ability to see through the illusions wrought by pride and conceit—the ability to see ourselves clearly and truly." *Great Short Works of Stephen Crane Includes : The Red Badge of Courage; Maggie: A Girl of the Streets; The Monster. When Chief-designate, Dinamaula, returns England with a spirited desire to speed the development of his people, political crisis erupts. "HBO's Silicon Valley meets The Big Sleep" (Mark Haskell Smith): An anonymous tech insider delivers "a hard-boiled, hilarious detective novel about Silicon Valley" (New York Post) "DOES FOR SILICON VALLEY WHAT CARL HIAASEN DID FOR FLORIDA." —Tim Dorsey "THE MAN WHO WOULDN'T DIE IS DASHIELL HAMMETT 2.0: THE CLASSIC HARDBOILED DETECTIVE NOVEL, UPDATED FOR 21ST CENTURY SILICON VALLEY AND MADE HILARIOUS." —Brad Parks Silicon Valley scion Captain Don Donogue is dead under mysterious circumstances. In fact, he might've well have been murdered. Just ask Captain Don himself. He's been sending messages about his suspicious death from beyond the grave. Yep, he's been tweeting from the afterlife. Or so it seems. Could life-after-death be Silicon Valley's latest innovation? Our bodies die but our souls and social media accounts are eternal? This is the mystery that confronts the only sane person left in a region gone mad with greed, William Fitzgerald. Fitch. He's a world-class detective, tough, stoic, carries a big fist and a flip phone. He's a bad fit for Silicon Valley, where the law firms have drive-thru windows manned by barristeristas (who serve instant coffee and instant patents); attractive women aren't MILF's but TELFs (Tech Executives I'd Like To Fund); and couples are so anxious to get into the best free-play kindergartens that they get on the waiting list as soon as they freeze their sperm and eggs for later use. One day, a woman knocks on Fitch's door. She's got a handful of cash and a wild story: She says that her father was Captain Don, or is Captain Don. He was killed, or maybe not. He's tweeting from beyond. Fitch takes the case and goes into the belly of the valley, discovering that life and death, well, sometimes they're just another transaction.... Original, clever, and hysterical, *The Man Who Wouldn't Die* is the Carl Hiaasen of Silicon Valley and neo-noir at its unforgettable best. Two of the most trusted reviewers in the field join with top authors, illustrators, and critics in a definitive guide to choosing books for children—and nurturing their love of reading. *A FAMILY OF READERS* is the definitive resource for parents interested in enriching the reading lives of their children. It's divided into four sections: 1. Reading to Them: Choosing and sharing board books and picture books with babies and very young children. 2. Reading with Them: Launching the new reader with easy readers and chapter books. 3. Reading on Their Own: Exploring what children read—and how they read—by genre and gender. 4. Leaving Them Alone: Respecting the reading privacy of the young adult. Roger Sutton knows how and why children read. He must, as the editor in chief of *THE HORN BOOK*, which since 1924 has been America's best source for reviews of books for young readers. But for many parents, selecting books for their children can make them feel lost. Now, in this essential resource, Roger Sutton and Martha V. Parravano, executive editor at the magazine, offer thoughtful essays that consider how books are read to (and then by) young people. They invite such leading authors and artists as Maurice Sendak, Katherine Paterson, Margaret Mahy, and Jon Scieszka, as well as a selection of top critics, to add their voices about the genres they know best. The result is an indispensable readers' companion to everything from wordless board books to the most complex and daring young adult novels. "Gipson again has given us a purely wonderful trunk of Americana, and one of those rare books to be enjoyed on many latitudes of brow elevation."--Chicago Sunday Tribune "If you can't get to the High Line. . . this is the next best thing." —The Washington Post Before it was restored, the High Line was an untouched, abandoned landscape overgrown with wildflowers. Today it's a central plaza, a cultural center, a walkway, and a green retreat in a bustling city that is free for all to enjoy. This beautiful, dynamic garden was designed by Piet Oudolf, one of the world's most extraordinary garden designers. *Gardens of the High Line*, by Piet Oudolf and Rick Darke, offers an in-depth view into the planting designs, plant palette, and maintenance of this landmark achievement. It reveals a four-season garden that is filled with native and exotic plants, drought-tolerant perennials, and grasses that thrive and spread. It also offers inspiration and advice on recreating its iconic, naturalistic style. Featuring stunning photographs by Rick Darke and an introduction by Robert Hammond, the founder of the Friends of the High Line, this large-trim, photo-driven book is a must-have gem of nature of design. A moving, delightful collection of stories that celebrate the canine-human bond. In this heart-warming work, we reunite with the lovable rescue dog and subject of the cherished book *Arthur* as he settles into his new life abroad. From Ecuador to America, Australia to the Yukon, and everywhere in between, remarkable canine encounters prove that dogs really are our best friends—and that their journeys to find love and acceptance

A particular nuisance is a stray yellow dog that shows up one day and steals food from the family. And Travis ultimately finds help and comfort in the courage and unwavering love of the dog who comes to be his very best friend. Fred Gipson's novel is an eloquently simple story that is both exciting and deeply moving. It stands alongside works like *The Adventures of Huckleberry Finn*, *Where the Red Fern Grows*, and *Shiloh* as a beloved and enduring classic of literature. Originally published in 1956 to instant acclaim, *Old Yeller* later inspired a hit film from Walt Disney. Just as *Old Yeller* inevitably makes his way into the Coates family's hearts, this book will find its own special place in readers' hearts. After losing his job, Joe's father has no choice but to sell Joe's beloved collie, Lassie, to a wealthy duke, but when the duke takes her to the far north of Scotland, Lassie undertakes a 1000-mile journey to be reunited with her boy. Named one of the best books of 2015 by *The Economist* A provocative exploration of the "new ecology" and why most of what we think we know about alien species is wrong For a long time, veteran environmental journalist Fred Pearce thought in stark terms about invasive species: they were the evil interlopers spoiling pristine "natural" ecosystems. Most conservationists and environmentalists share this view. But what if the traditional view of ecology is wrong—what if true environmentalists should be applauding the invaders? In *The New Wild*, Pearce goes on a journey across six continents to rediscover what conservation in the twenty-first century should be about. Pearce explores ecosystems from remote Pacific islands to the United Kingdom, from San Francisco Bay to the Great Lakes, as he digs into questionable estimates of the cost of invader species and reveals the outdated intellectual sources of our ideas about the balance of nature. Pearce acknowledges that there are horror stories about alien species disrupting ecosystems, but most of the time, the tens of thousands of introduced species usually swiftly die out or settle down and become model eco-citizens. The case for keeping out alien species, he finds, looks increasingly flawed. As Pearce argues, mainstream environmentalists are right that we need a rewilding of the earth, but they are wrong if they imagine that we can achieve that by reengineering ecosystems. Humans have changed the planet too much, and nature never goes backward. But a growing group of scientists is taking a fresh look at how species interact in the wild. According to these new ecologists, we should applaud the dynamism of alien species and the novel ecosystems they create. In an era of climate change and widespread ecological damage, it is absolutely crucial that we find ways to help nature regenerate. Embracing the new ecology, Pearce shows us, is our best chance. To be an environmentalist in the twenty-first century means celebrating nature's wildness and capacity for change. From the Hardcover edition.
