The Count of Monte Cristo (French: Le Comte de Monte-Cristo) is an adventure novel by French author Alexandre Dumas (Père) completed in 1844. It is one of the author's more popular works, along with *The Three Musketeers*. Like many of his novels, it was expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. Another important work by Dumas, written before his work with Maquet, was the short novel *Georges*; this novel is of particular interest to scholars because Dumas reused many of the ideas and plot devices later in *The Count of Monte Cristo*. The story takes place in France, Italy, and islands in the Mediterranean during the historical events of 1815-1839: the era of the Bourbon Restoration through the reign of Louis-Philippe of France. It begins just before the Hundred Days period (when Napoleon returned to power after his exile). The historical setting is a fundamental element of the book, an adventure story primarily concerned with themes of hope, justice, vengeance, mercy, and forgiveness. It centres on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune, and sets about exacting revenge on those

responsible for his imprisonment. His plans have devastating consequences for both the innocent and the guilty. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood." The most common English translation is an anonymous one originally published in 1846 by Chapman and Hall. This was originally released in ten weekly installments from March 1846 with six pages of letterpress and two illustrations by M Valentin. The translation was released in book form with all twenty illustrations in two volumes in May 1846, a month after the release of the first part of the above-mentioned translation by Emma Hardy. The translation follows the revised French edition of 1846, with the correct spelling of "Cristo" and the extra chapter The House on the Allées de Meilhan.

**The Count of Monte Cristo** Apr 20 2022 At the age of nineteen, Edmond Dantés seems to have the perfect life. He is about to become the captain of a ship, he is engaged to a beautiful and kind young woman, Mercédès, and he is well liked by almost everyone who knows him. This perfect life, however, stirs up dangerous jealousy among some of Dantés's so-called friends. Danglars, the treasurer of Dantés's ship, envies Dantés's early career success; Fernand Mondego is in love with Dantés's fiancée and so covets his amorous success; his neighbor Caderousse is simply envious that Dantés is so much luckier in life than he is. Together, these three men draft a letter accusing Dantés of treason. There is some truth to their accusations: as a favor to his recently deceased captain, Dantés is carrying a letter from Napoleon to a group of Bonapartist sympathizers in Paris. Though Dantés himself has no political leanings, the undertaking is enough to implicate him for treason. On the day of his wedding, Dantés is arrested for his alleged crimes. The deputy public prosecutor, Villefort, sees through the plot to frame Dantés and is prepared to set him free. At the last moment, though, Dantés jeopardizes his freedom by revealing the name of the man to whom he is supposed to deliver Napoleon's letter. The man, Noirtier, is Villefort's father. Terrified that any public knowledge of his father's treasonous activities will thwart his own ambitions, Villefort decides to send Dantés to prison for life. Despite the entreaties of Monsieur Morrel, Dantés's kind and honest boss, Dantés is sent to the infamous Chateau d'If, where the most dangerous political prisoners are kept. While in prison, Dantés meets Abbé Faria, an Italian priest and intellectual, who has been jailed for his political views. Faria teaches Dantés history, science, philosophy, and languages, turning him into a well-educated man. Faria also bequeaths to Dantés a large treasure hidden on the island of Monte Cristo, and he tells him how to find it should he ever escape. When Faria dies, Dantés hides himself in the abbé's shroud, thinking that he will be buried and then dig his way out. Instead, Dantés is thrown into the sea, and is able to cut himself loose and swim to freedom. Dantés travels to Monte Cristo and finds Faria's

enormous treasure. He considers his fortune a gift from God, given to him for the sole purpose of rewarding those who have tried to help him and, more important, punishing those who have hurt him. Disguising himself as an Italian priest who answers to the name of Abbé Busoni, he travels back to Marseilles and visits Caderousse, who is now struggling to make a living as an innkeeper. From Caderousse he learns the details of the plot to frame him. In addition, Dantes learns that his father has died of grief in his absence and that Mercédès has married Fernand Mondego. Most frustrating, he learns that both Danglars and Mondego have become rich and powerful and are living happily in Paris. As a reward for this information, and for Caderousse's apparent regret over the part he played in Dantes's downfall, Dantes gives Caderousse a valuable diamond. Before leaving Marseilles, Dantes anonymously saves Morrel from financial ruin.

Set in the 17th century, it recounts the adventures of a young man named d'Artagnan after he leaves home to travel to Paris, to join the Musketeers of the Guard. D'Artagnan is not one of the musketeers of the title; those are his friends Athos, Porthos and Aramis, inseparable friends who live by the motto "all for one, one for all", a motto which is first put forth by d'Artagnan. The Man in the Iron Mask climactically concludes the epic adventures of the three Musketeers. The Man in the Iron Mask is a name given to a prisoner arrested as Eustache Dauger in 1669 or 1670, and held in a number of jails, including the Bastille and the Fortress of Pignerol. He was held in

the custody of the same jailer, Bénigne Dauvergne de Saint-Mars, for a period of 34 years. The possible identity of this man has been thoroughly discussed and has been the subject of many books, because no one ever saw his face, which was hidden by a mask of black velvet cloth.

The Black Count Mar 20 2022 WINNER OF THE 2013 PULITZER PRIZE FOR BIOGRAPHY General Alex Dumas is a man almost unknown today, yet his story is strikingly familiar—because his son, the novelist Alexandre Dumas, used his larger-than-life feats as inspiration for such classics as The Count of Monte Cristo and The Three Musketeers. But, hidden behind General Dumas's swashbuckling adventures was an even more incredible secret: he was the son of a black slave—who rose higher

in the white world than any man of his race would before our own time. Born in Saint-Domingue (now Haiti), Alex Dumas made his way to Paris, where he rose to command armies at the height of the Revolution—until he met an implacable enemy he could not defeat. The Black Count is simultaneously a riveting adventure story, a lushly textured evocation of 18th-century France, and a window into the modern world's first multi-racial society. TIME magazine called The Black Count "one of those quintessentially human stories of strength and courage that sheds light on the historical moment that made it possible." But it is also a heartbreaking story of the enduring bonds of love between a father and son.
