A kaleidoscope of inspiration that lets the reader delve into the ideas of many of our great spiritual thinkers. Managing projects involves being able to deal with uncertainty and complexity in the workplace, but traditional management models have severe limitations under these circumstances. We require new paradigms to help us make sense of the world in which we live and work. This book is the result of many workshops and courses for project leaders working in a variety of settings in low- and middle-income countries. It brings together some of the thoughts of leading management writers in an accessible form, using fictitious case studies to illustrate important points. The various activities described can be used in workshops, by project leaders and managers. The book is of interest to project leaders both in the governmental (public) and voluntary sector as well as members of non-governmental organisations from a wide range of disciplines, e.g. health, agriculture and community development. An inspirational, allegorical guide to living. The Prophet is the most famous work of religious fiction in the twentieth century and had sold millions of copies in more than twenty languages. Gibran has his protagonist, called Simply the prophet, deliver spiritual, yet practical homilies on a wide variety of topics central to daily life: love; marriage and children; work and play; possessions; beauty; truth; joy and sorrow; death and many more." Voilà désormais plus de 10 000 ans que la civilisation occidentale s'est installée et voilà 10 000 ans qu'elle viole le sens même de la nature : la vie. En s'appropriant sans concession ce qui l'entourait, l'homme de l'Ouest a vu son horizon ployer sous la charge de la destruction qu'il lui avait lui-même réalisée. Sommes-nous des lycanthropes ou des vampires? Ces monstres si terrifiants qui sortent de notre imagination sont-ils en réalité la copie de notre comportement dévastateur? Prédateurs, nous pompons sans remords les énergies qui nous entourent. Jusqu'où ira-t-on?. How can a blessing

change the world? According to Pierre Pradervand, making the conscious choice to bless every person or being around you can truly make a world of difference in yourself and in others around you. In The Gentle Art of Blessing, Pradervand shows that the practice of blessing has the power to create more than just a renewed perspective. It unleashes tangible benefits throughout your entire life - through your daily interactions, your life-long relationships, and in the way you approach your place in the world. Pradervand describes blessing as genuinely wishing the best for another person through seeing their individual worth and honoring them for it. By looking at several different perspectives -- providing spiritual inspiration from Hinduism, Taoism, the Koran, the Bible, and other important spiritual sources -- The Gentle Art of Blessing explores the potential in shifting one's attitude from confrontation and negativity to acceptance and enthusiasm. A powerfully simple way of perceiving and shaping our surroundings, blessings can reflect the unconditional love and acceptance that is necessary for world -- and inner -- peace. Based on Nelson Goodman's conception of language and of pragmatically inherited meaning, this book looks at the arts as systems of particular symbols. The author offers an approach to kalology as a metaphysical implication of symbological functioning. "This book examines the liberation journey that is the heart of the Hebrew Scriptures. The work begins with a careful reading of narrative, prophetic and legal texts from the Hebrew Scriptures. All of these texts reveal exodus, the journey from constriction, as a fundamental biblical concern. After showing how the message of the Hebrew Prophets represents a consistent theme throughout Scripture, the author traces the further refinement of these liberation themes in contemporary writers and prophets such as Abraham Joshua Heschel, Martin Buber, Paulo Freire, Gustavo Gutiérrez, Erich Fromm, Martin Luther King, Beverly Harrison, Maya Angelou, Robin Wall Kimmerer and bell hooks. The book shows how the insights of these prophets, ancient and modern, offer guidance for confronting current challenges for readers of all faiths and backgrounds"--Provided by publisher. Acorns delineates the future of humanity as a reunification of intellect with the Deep Self. Having chosen to focus upon ego (established securely by the time of Christ), much more beta brain wave development will destroy our species and others, which process has already begun. We create our own realities through beliefs, intents and desires and we were in and out of probabilities constantly. Feelings follow beliefs, not the other way around. Did you know the relationship you're in now is probably the best one you'll ever have? Did you know that most divorces could be avoided? This is the striking discovery behind Eva-Maria Zurhorst's international bestselling book - a book that has transformed thousands of relationships. Eva-Maria writes from her own personal experience of being involved in a 'dreadful marriage' where she realised that she had

a choice of either leaving her husband and starting a new relationship or trying to turn her marriage around. This extraordinary book shows that a deep relationship is possible even when all hope seems to be lost. What ever the problem is, the solution lies in finding love for yourself. Eva-Maria's powerful techniques and ideas will change the way you look at your relationships and yourself forever. es textes qui composent ce recueil prolongent le colloque "Espaces et Terres d'Amérique" organisé les 7-8 avril 2005 à Toulouse par le Groupe d'Etudes Nord-Américaines (G.E.N.A.), tu composante du centre Cultures AngloSaxonnes (C.A.S.). La thématique de ce ,.t recueil a attiré des chercheurs spécialisés tout aussi bien en littérature qu'en civilisation, en histoire ou en linguistique. Il est vrai que l'espace nord-américain se prête à des analyses transdisciplinaires. Les articles, qui traitent de questions de société, d'histoire, de littérature et de culture plus généralement, s'intéressent aux diverses définitions de l'espace américain mais aussi au rapport qu'entretiennent les Américains avec les notions d'espace et de territoire. L'ouvrage examine également des phénomènes identitaires d'autant plus intéressants que cette nation, dont on dit qu'elle est l'erre d'immigration," est un laboratoire favorable à l'étude de tels phénomènes. Enfin, il étudie la cartographie de l'espace dressée par les artistes aux Etats-Unis et la façon dont cet espace est représenté dans la littérature et le cinéma américains The third ebook serialized from Your Natural State of Being continues the journey of personal-effectiveness that began with What Am I Doing With My Life? and Pleasure & Pain. What's Love Got To Do With It? now takes us through a journey of love. What is it? Is it real or an illusion of our chemical makeup? Is it a cause or an effect? The light at the end of the tunnel draws ever nearer as Dr. Scott Zarcinas guides us out of the darkness to the realities of Light, Life and Love. This text discusses how W. B. Yeats, Aleister Crowley, Ezra Pound and Robert Graves had access to the forbidden knowledge of the Goddess. These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings. Consequently, through this surrendering, they created avant-garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed. This creed, based on humans' eternal divine essence, aspires to liberate the eternal feminine. These poets became the instruments of the Goddess. As defenders of the Light, they took arms against the forces of inertia and proclaimed the eleusis of a new faith. This creed pledges to overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess. No matter how disparate these four were in character, they shared the vision of transmitting esoteric knowledge to profane humanity. They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people. Now in a one-volume edition, The

Prophetic Vision of Merlin and The Mystic Life of Merlin comprise a complete working guide to the life and teachings of the famous prophet as based on the twelfth-century histories of Geoffrey of Monmouth. Out of the Darkness tells the stories of more than 20 people who have undergone permanent spiritual awakening after intense trauma and turmoil in their lives. Although psychological turmoil often has no positive effects, for some people, it can be the catalyst for a kind of 'spiritual alchemy', transforming the 'base metal' of suffering into the 'gold' of intense well-being and freedom. Read about the young woman who became 'enlightened' after suffering terrible injuries in the 7/7 tube bombings in London, the man who became paralysed after falling from a bridge onto a river bed, but now lives in a state of permanent bliss, and the recovering alcoholic who shifted to a permanent state of enlightenment after hitting 'rock bottom' and losing everything. The author has also interviewed several spiritual teachers whose original awakening occurred after intense psychological turmoil, including Eckhart Tolle and Catherine Ingram. In addition to telling these people's stories, Out of the Darkness explains why turmoil has this 'awakening' effect, and illustrates the almost infinite capacity of human beings to overcome suffering. It suggests that, so long as we have the courage to face up to and accept negative situations, there is nothing for us to fear. But perhaps most importantly, it shows how natural spiritual awakening is to human beings, and how close it is to all of us. Discover what others around the world are discovering. Proven principles for sustainable success, with new leadership insight PEAK is the popular, transformative guide to doing business better, written by a seasoned entrepreneur/CEO who has disrupted his favorite industry not once, but twice. Author Chip Conley, founder and former CEO of one of the world's largest boutique hotel companies, turned to psychologist Abraham Maslow's Hierarchy of Needs at a time when his company was in dire need. And years later, when the young founders of Airbnb asked him to help turn their start-up home sharing company into a world-class hospitality giant, Conley once again used the principles he'd developed in PEAK. In the decade since this book's first edition, Conley's PEAK strategy has been developed on six continents in organizations in virtually every industry. The author's foundational premise is that great leaders become amateur psychologists by understanding the unique needs of three key relationships—with employees, customers, and investors—and this message has resonated

with every kind of leader and company including some of the world's best-known, from Apple to Facebook. Avid users of PEAK have found that the principles create greater loyalty and differentiation with their key stakeholders. This new second edition includes in-depth examples of real-world PEAK companies, including the author's own at Airbnb, and exclusive PEAK leadership practices that will take you—and your company's performance—to new heights. Whether you're at a startup or a Fortune 500 company, at a for-profit, nonprofit, or governmental organization, this book can help you and your people reach potential you never realized you had. Understand how Maslow's hierarchy makes for winning business practices Learn how PEAK drove some of today's top businesses to success Help employees reach their full potential—and beyond Transform the customer experience and keep investors happy The PEAK framework succeeds because it elevates the business from the inside out. These same principles apply in the boardroom, the breakroom, and your living room at home, and have proven to be the foundation of healthy, fulfilled lives. Even if you think you're doing great, you could always be doing better—and PEAK gives you a roadmap to the next level. Waterfield offers the definitive biography of a writer whose visions helped shape the philosophy of the New Age and whose legend lives on in "The Prophet," one of the greatest bestsellers of all time. 16-page photo insert. In this volume, scholars from around the world read the story of Earth in key texts from the Psalms and the Prophets. Their readings challenge popular understandings of the Chaokampf myth, the theophany of Psalm 29 and the New Earth in Isaiah 65. Re-readings of Ezekiel expose the cruelty of divine justice extended to the natural world. Several articles by indigenous writers sensitive to the voice of Earth bring new insights to the potential meaning of texts like Psalm 104. Contributors include Lloyd Geering, Russell Nelson, William Urbrock, Laurie Braaten, Keith Carley, Anne Gardner, John Olley, Gunther Wittenberg, Kalinda Stevenson, Peter Trudinger, Arthur Walker-Jones, Norman Charles, Howard Wallace, Geraldine Avent, Madipoane Masenya and Abotchie Ntrel. The Storm gives definitive expression to many of Gibran's key themes: the injustice meted out to the poor and the weak; the beauties of nature needlessly destroyed by man; and the innocent purity of young love, so often crushed underfoot by society. WE SEE WHAT WE BELIEVE! The fourth and final ebook serialized from Your Natural State of Being completes the adventure of personal-effectiveness that began with What Am I Doing With My Life?. Proof of God now brings us full circle to where we first stepped forward on the path to self-discovery, evoking the inner Wisdom and Peace that is our Natural State of Being. Drawing on his personal and professional experience, Dr. Scott Zarcinas reveals the true potential of humanity when we unite to enforce the miraculous power of belief. This work situates the Qur'anic story of Moses' meeting with Khidr (Sūrat al-Kahf, 18:60-82) in an ever-expanding network of intercultural and interreligious ideas about knowledge, humility, and spiritual excellence, where Moses and Khidr are seen as representing the *ẓāhir* (exoteric) and the *bāṭin* (esoteric), respectively. This book deals with all aspects of the Merlin legend, from its origins to its expression in medieval and modern

literature, film, and popular culture. Two of the reprinted essays are translated into English for the first time. In *Spirit Brides*, a collection of three short stories, Kahlil Gibran portrays his belief in the overwhelming power of love in human nature. In "The Ash of Centuries and the Immortal Flame", Gibran describes a love that unites souls beyond time and social restrictions. "Marta al-Baniyah" expresses Gibran's views on the exploitation of women and the poor. He then makes a cutting commentary on the contrast between the ecclesiastical hierarchy and the simplicity of the teachings of Jesus in his final story, "Yuhanna the Madman". In this short but comprehensive work, R.A. Nicholson -- who was one of the greatest Islamic scholars of the early 20th century -- provides the general reader with an easy approach to the study of Islamic mysticism. He gives a broad outline of Sufism and describes the key principles, methods and characteristic features of the inner life as it has been lived by Muslims of every class and condition from the 8th century onwards. Many quotations are given, mainly in the author's own fine translations from the original Arabic and Persian. "When Pierre Jovanovic was a reporter for *Quotidien de Paris*, he had just finished an interview and was driving home on a Silicon Valley freeway when he was suddenly hurled to the side of the car by a mysterious force. Seconds later, a bullet crashed through the windshield and buried itself in the back of the passenger's seat. Highway patrolmen told him that if he hadn't moved, he would have been killed instantly." "Shaken and curious, he began to compare notes with other journalists, many of whom were war-zone survivors. Most had had some kind of comparable experience of being snatched from death by an unseen hand." "Pierre began to interview authorities on near-death experience: Melvin Morse, Kenneth Ring, and Elisabeth Kubler-Ross. He collected first-hand accounts of the appearance of spiritual beings from adults and children all over the world. Voraciously, he began to read about the lives and Angelic accounts of the saints." "The book is the sum of his investigations and includes eyewitness accounts of the experiences of pilots, doctors, and journalists; interviews with leading near-death researchers and scientists; interviews with modern saints and visionaries on their mystical experiences from the Middle Ages to the present."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
