Corporate Finance May 04 2021 This—revised and enhanced—book examines the role of finance in supporting other functional areas while fostering an understanding of how financial decisions can create value. Corporate Finance covers areas related to estimating divisional cost of capital; executing a financing strategy; establishing debt and dividend policies consistent with the company's strategy and environment; choosing between dividends and stock repurchases; managing high growth and managing working capital. Its new topics include: - Corporate Financial Flexibility (Real options) - New Financial Instruments - Project Finance - Acquisitions and Control - Performance Measurement and Incentive Compensation The goal of this book is to provide a thorough understanding of how and why firms make their financial decisions the way they do and their impact on shareholder value. The central theme of the book is Value Based Management, which assumes that maximizing shareholder value is the governing objective of a firm. Each chapter of this new edition has detailed and real-life cases to help students easily understand and grasp concepts. The author has also provided the case-map of the Harvard Business School to make this book more user-friendly in classrooms. The inclusion of several new topics/cases, extensive pedagogical tools and a finance-for-non-finance approach make this book ideal for MBA/CA/CFA/ICWA students and executive education programs.

Corporate Governance and Business Ethics Nov 10 2021 This volume explores corporate governance from three perspectives: a traditional economic, a philosophical, and an integrated business ethics perspective. Corporate governance has enjoyed a long tradition in the English-speaking world of management sciences. Following its traditional understanding it is defined as leadership and control of a firm with the aim of securing the long-term survival and viability of that firm. But recent business scandals and financial crises continue to provide ample cause for concern and have all fuelled interest in the ethical aspects. As a result, corporate governance has been criticized by many social groups. Economic sciences have failed to provide a clear definition of the corporate governance concept. Complexity increases if we embed the economic approach of corporate governance in a philosophical context. This book seeks to define the concept by examining its economic, philosophical and business ethics foundations.

Higher Education In India: New Perceptions and Perspectives May 16 2022 Higher Education in India: New Perceptions and Perspectives is meant for all those who are working in the field of higher education (HE) and for all those who care for HE in India today. It discusses the philosophy, the legacy, the crisis in HE and the efforts to overcome them. It reviews all the main reports of all the commissions and committees appointed to form HE policy and to reform the system in the context of globalization of HE. It also provides a review of NAAC efforts to enhance the quality of Indian HE Institutions. Theory and practice are combined in this book to make it up to date and practically very useful to all the stakeholders of HE in India. The book is clear in views, highly informative in its contents, lucid in its style and a recent comprehensive statement with clear 'perceptions' and 'perspectives' of the HE scenario in India today. It is the outcome of 50 years of continuous contemplation of the author. It is a critique of Indian HE in the context of national development and global knowledge society.

Banking Law and Practice Jul 06 2021 A solid understanding of how banks operate is crucial to grasp the functioning of modern society. Banks are an intrinsic part of business, finance, and everyday life. Modern banking is regulated by a sophisticated set of laws and regulations that are constantly evolving. Banking Law and Practice from the Hong Kong Institute of Bankers outlines and explains these laws and regulations clearly and in detail. This regulatory framework has a deep impact on banks, bankers, and anyone that deals with them, which is the overwhelming majority of society. This high level of impact makes Banking Law and Practice an important book as well as a necessary and authoritative reference for industry professionals, students, and the public at large. Banking Law and Practice discusses a range of topics that have a direct bearing on the day-to-day operations of banks, from contracts to how to ensure safe and secure lending. It examines the development and current state of banking legislation and regulation and facilitates bankers and their institutions to shape their practice to meet all the necessary legal and regulatory requirements. Students, industry professionals, and the public at large will welcome the thorough and clear explanations of the legal and regulatory framework in which banks operate. This book is essential reading for candidates studying for the HKIB Associateship Examination and anyone else seeking expert knowledge of the legal and regulatory structure affecting banks in Hong Kong. Topics covered in this book include: Contractual Relationships Code of Banking Practice Money Laundering Negotiable Instruments Law Related to Securities Bankruptcy and Insolvency **UGC-NET (Paper-I) Previous Years' Papers (Solved)** Aug 07 2021 This immensely valuable book of Solved Previous Years' Papers is specially published for the aspirants of UGC-NET (Paper-I) of Junior Research Fellowship and Assistant Professor Eligibility Exam. The book comprises several Solved Previous Years' Papers of UGC-NET Paper-I. Explanatory Answers are presented in such a manner to be useful for study and self-practice. The book is aimed to help you prepare well and sharpen your problem-solving skills by practising through numerous questions in these solved papers and face the exam with confidence, successfully.

Life with the Teacher of Teachers Aug 19 2022 The core of this work revolves around Sri Sathya Sai Baba born at Puttaparthi, Anantapur

District, Andhra Pradesh in India. It overviews the work life and private life experiences of the author at Sri Sathya Sai Institute of Higher Learning Prasanthi Nilayam (Andhra Pradesh) where the author worked as a Professor for over three and half decades. This work thus describes the unique experiences of a teacher: Guru Dutt (Pen name of Author) with Bhagavan Sri Sathya Sai Baba, the founder chancellor and his university.

FINANCIAL POLICY AND MANAGEMENT ACCOUNTING Feb 13 2022

This well-received book, now in its ninth edition, provides a comprehensive analysis of the fundamental concepts of financial management and management accounting. The elegantly combined presentation of the various aspects of financial management and management accounting is a highlight of this text. Focusing on the core areas of financial management—basic concepts of finance, sources of finance, capital structure theories and planning, dividend policies, investment decisions, portfolio management and working capital management—as well as the areas of management accounting—changes in financial position, financial statement analysis and inter-firm comparison, budgetary control and standard costing, and cost information and management decisions—the book also delves on the contemporary topics, such as, financial environment, corporate governance and international financial management, in detail. In addition, it contains a number of case studies on various areas of finance and management accounting. The current edition has been thoroughly revised keeping in view contemporary developments in the literature and

applicable provisions of the Companies Act, 2013. Apart from updating the case studies, new cases have been added to support the relevance and quality of discussion. Intended primarily for postgraduate students of commerce (M.Com) and management (MBA with finance specialization), the book will also be highly useful for undergraduate students of Commerce and Management, students of professional courses, such as, CA and ICWA, as well as professionals in the fields of financial management and management accounting. The present treatise has been recommended by many Colleges, Management Institutes and Universities in India for their respective postgraduate and undergraduate commerce and management courses.
