Moss Feb 25 2021 A masterpiece of eco-fiction from an acclaimed German author making his English-language debut

Gathering Moss Dec 06 2021 "Living at the limits of our ordinary perception, mosses are a common but largely unnoticed element of the natural world. Gathering moss is a mix of science and personal reflection that invites readers to explore and learn from the elegantly simple lives of mosses. In this series of linked personal essays, Robin Kimmerer leads general readers and scientists alike to an understanding of how mosses live and how their lives are intertwined with the lives of countless other beings. Kimmerer explains the biology of mosses clearly and artfully, while at the same time reflecting on what these fascinating organisms have to teach us. Drawing on her experiences as a scientist, a mother, and a Native American, Kimmerer explains the stories of mosses in scientific terms as well as in the framework of indigenous ways of knowing. In her book, the natural history and cultural relationships of mosses become a powerful metaphor for ways of living in the world"--Publisher's description.

Hooked Feb 14 2020 NEW YORK TIMES BESTSELLER • From the author of *Salt Sugar Fat* comes a "gripping" (The Wall Street Journal) exposé of how the processed food industry exploits our evolutionary instincts, the emotions we associate with food, and legal loopholes in their pursuit of profit over public health. "The processed food industry has managed to avoid being lumped in with Big Tobacco—which is why Michael Moss's new book is so important."—Charles Duhigg, author of *The Power of Habit*

Everyone knows how hard it can be to maintain a healthy diet. But what if some of the decisions we make about what to eat are beyond our control? Is it possible that food is addictive, like drugs or alcohol? And to what extent does the food industry know, or care, about these vulnerabilities? In *Hooked*, Pulitzer Prize-winning investigative reporter Michael Moss sets out to answer these questions—and to find the true peril in our food. Moss uses the latest research on addiction to uncover what the scientific and medical communities—as well as food manufacturers—already know: that food, in some cases, is even more addictive than alcohol, cigarettes, and drugs. Our bodies are hardwired for sweets, so food giants have developed fifty-six types of sugar to add to their products, creating in us the expectation that everything should be cloying; we've evolved to prefer fast, convenient meals, hence our modern-day preference for ready-to-eat foods. Moss goes on to show how the processed food industry—including major companies like Nestlé, Mars, and Kellogg's—has tried not only to evade this troubling discovery about the addictiveness of food but to actually exploit it. For instance, in response to recent dieting trends, food manufacturers have simply turned junk food into junk diets, filling grocery stores with "diet" foods that are hardly distinguishable from the products that got us into trouble in the first place. As obesity rates continue to climb, manufacturers are now claiming to add ingredients that can effortlessly cure our compulsive eating habits. A gripping account of the legal battles, insidious marketing campaigns, and cutting-edge food science that have brought us to our current public health crisis, *Hooked* lays out all that the food industry is doing to exploit and deepen our addictions, and shows us why what we eat has never mattered more.

Anansi and the Talking Melon Nov 24 2020 "The expressive male narrator charms the listener by impersonating the characters...Short segments of music and brief sound effects add interest...useful for all reading and listening situations." - Booklist

Moss Gown Nov 05 2021 After failing to flatter her father as much as her two evil sisters, Candace is banished from his plantation; and only after much time and meeting her Prince Charming is her father able to appreciate her love.

Anansi & the Moss Covered Rock Mar 09 2022 Anansi the Spider uses a strange moss-covered rock in the forest to trick all the other animals, until Little Bush Deer decides he needs to learn a lesson.

Under the Moss Aug 02 2021 Under the Moss follows the relationship of troubled Ben and the enigmatic Sophie. After their whirlwind romance, Sophie begins a mysterious obsession with moss which takes over their lives. And in Ben's attempts to calm an increasingly erratic Sophie, he discovers something which changes the entire meaning of their relationship. Why is Sophie hiding her past? Who is spying on the house? And what's growing beneath the moss in the garden? Finalist – 2021 Page Turner Writing Award

Anansi and the Magic Stick Aug 14 2022 "Terheyden's narration makes the characters come alive. A truly delightful addition to any collection." - School Library Journal

In the Moss Oct 16 2022 Exponentially increasing levels of unemployment and simmering racial tension in Moss Side, inner Manchester, exploded into mass riots on the 8th of July 1981, following the siege of a police station. In *The Moss* frames the events from the perspectives of Janet, a student nurse working in A&E, and Nav, a Sikh police officer on the streets. Both crave a return to normality and just want to fit in, but when violence breaks out and a teenage boy is stabbed, they are thrust together and forced to confront questions that arise about what really happened in the Moss.

The Moss House May 11 2022

Anansi and the Moss-covered Rock Nov 17 2022 WHAT IT IS: This fun and hilarious musical play helps you teach the standards while bringing your classroom to life! Easy-to-do play comes with script, audio CD, and teacher's guide. NO music or drama experience is required; you don't have to sing or play a note! Go big and perform on stage, keep it simple with a classroom performance, or simply do reader's theater in class. No fancy sets, costumes, or performance spaces are needed, so it's all up to you! Flexible casting for 8-40 students and permission to edit the script and songs make it easy to tailor the play to the needs of your class and community. Your purchase of one copy per teacher includes permission to photocopy the script for students. // WHAT IT TEACHES: Based on a West African tale, "Anansi and the Moss-Covered Rock" tells the story of a very tricky spider who discovers a magic rock that he uses to steal food from all the jungle inhabitants. The last laugh is on Anansi, of course, but not before everyone has a chance to sing some fun songs about yams, dancing mangos, and Anansi's mischief! 20 minutes; grades 1-4. // WHAT IT DOES: "Anansi" is a great complement to your curriculum resources in language arts. And, like all Bad Wolf Press plays, this show can be used to improve reading comprehension, vocabulary, performance and speaking skills, class camaraderie and teamwork, and school engagement and parental involvement; all while enabling students to be part of a truly fun and creative experience they will never forget!

Anansi Goes Fishing Oct 04 2021 Anansi the Spider's plan to trick his friend Turtle into doing all the work while he teaches Anansi to catch fish somehow gets turned around. While Anansi doesn't learn his lesson, he does learn the invaluable skill of weaving.

Anansi and the Moss Covered Rock Jan 19 2023 Anansi the Spider, a master trickster, uses the powers of a magical rock to dupe his neighbors.

Charlotte Moss Decorates Sep 22 2020 Offers the designer's insights on eleven projects, from finding her inspiration and making sketches to creating the room and adding finishing touches such as aromatic scents and decorative flowers.

Magic in the Dark Apr 29 2021 Early in the twentieth-century, B. S. Moss was one of many ambitious Jewish immigrants to leap from New York's textile business to the more promising and exciting world of motion pictures. Unlike most, Moss resisted the siren call of Hollywood and instead built one of the largest and most prestigious theater chains in the New York area. Inspired by his vision, successive generations of Moss management have kept his chain thriving, even as audiences migrated from vaudeville emporiums to sumptuous Art Deco palaces to suburban multiplexes. It was never easy: every movie was a gamble, and the business was constantly challenged by world wars, depressions, urban blight, union battles, real estate values, and the threats of radio, television, and streaming services. Yet the Mosses emerge as a rare multigenerational family success story. Granted unprecedented access to archives at their iconic Times Square headquarters, author Jonathan Kay charts the family's ups, downs, and fascinating adventures in the tumultuous cinema industry.

Anansi's Party Time Oct 24 2020 "...Jerry Terheyden's narration alternates between the slow pace of a turtle and the bounce of an exuberant spider.... Balloons filling with air and underwater bubbles are among the fitting sound effects." -AudioFile Magazine

Anansi and the Moss-Covered Rock Mar 17 2020 "Anansi the Spider, a master trickster, uses the powers of a magical rock to dupe his neighbors...a musical introduction sets the mood...the text of the book is read clearly and expressively."-Booklist

The Girl in the Moss Jul 13 2022 Disgraced ex-cop Angie Pallorino is determined to make a new start for herself as a private investigator. But first, she and her lover, newly promoted homicide detective James Maddocks, attempt a quiet getaway to rekindle a romance struggling in the shadows of their careers. The peace doesn't last long when human skeletal remains are found in a nearby mossy grove. This decades-old mystery is just what Angie needs to establish her new career even as it thrusts her and Maddocks back into the media spotlight, once again endangering their tenuous relationship. Then, when Angie's inquiry into the old crime intersects with a cold case from her own police past, the investigation takes a startling twist. It puts more than Angie's last shot at redemption and a future with Maddocks at risk, The mystery of the girl in the moss could kill

her.

[The Mystery at the Moss-covered Mansion](#) Sep 15 2022 This eighteenth book in the Nancy Drew series was originally published in 1941.

He-Man and the Masters of the Universe: The Hunt for Moss Man (Tales of Eternia Book 1) Jun 12 2022 Bestselling author Gregory Mone brings Mattel's He-Man and the Masters of the Universe together for a brand-new adventure in the first book of this original middle-grade series based on the hit Netflix show! By the Power of Grayskull... I have the Power! A mysterious toxic gas is spreading across Eternia, ravaging farmlands and endangering citizens. The planet's only hope lies with Adam, a lost prince with cosmic abilities. When he wields the mystical Sword of Power, he transforms from a scrawny teen into He-Man, the most powerful man in the universe. With his friends Teela, Cringer, Duncan, and Krass by his side, Adam embarks on a dangerous journey, facing pirates, dragons, and perils at every turn in search of Moss Man, a legendary figure who might hold the key to stopping the devastating stench. Yet the sinister Skeletor and his Dark Masters will stop at nothing to thwart the unlikely heroes. The fate of all Eternia rests with He-Man and his friends.

Moss Gardening May 19 2020 A delightful book that encourages gardeners to pay closer attention to the subtle beauty of miniature landscapes and introduces one of the glories of Japanese gardens into American designs. The author writes entertainingly of mosses on rocks and walls, in containers, and as a lush ground cover, and he presents a gallery of his favorite moss species.

Her Country Sep 03 2021 In country music, the men might dominate the radio waves. But it's women—like Maren Morris, Mickey Guyton, and Kacey Musgraves—who are making history. This is the full and unbridled story of the past twenty years of country music seen through the lens of these trailblazers' careers—their paths to stardom and their battles against a deeply embedded boys' club, as well as their efforts to transform the genre into a more inclusive place—as told by award-winning Nashville journalist Marissa R. Moss. For the women of country music, 1999 was an entirely different universe—a brief blip in time, when women like Shania Twain and the Chicks topped every chart and made country music a woman's world. But the industry, which prefers its stars to be neutral, be obedient, and never rock the boat, had other plans. It wanted its women to “shut up and sing”—or else. In 2021, women are played on country radio as little as 10 percent of the time, but they're still selling out arenas, as Kacey Musgraves does, and becoming infinitely bigger live draws than most of their male counterparts, creating massive pop crossover hits like Maren Morris's “The Middle,” pushing the industry to confront its racial biases with Mickey Guyton's “Black Like Me,” and winning heaps of Grammy nominations. Her Country is the story of how in the past two decades, country's women fought back against systems designed to keep them down and created entirely new pathways to success. It's the behind-the-scenes story of how women like Kacey, Mickey, Maren, Miranda Lambert, Rissi Palmer, Brandi Carlile, and many more have reinvented their place in an industry stacked against them. When the rules stopped working for these women, they threw them out, made their own, and took control—changing the genre forever, and for the better.

Live Oak, with Moss Jul 21 2020 As he was turning forty, Walt Whitman wrote twelve poems in a small handmade book he entitled “Live Oak, With Moss.” The poems were intensely private reflections on his attraction to and affection for other men. They were also Whitman's most adventurous explorations of the theme of same-sex love, composed decades before the word “homosexual” came into use. This revolutionary, extraordinarily beautiful and passionate cluster of poems was never published by Whitman and has remained unknown to the general public—until now. New York Times bestselling and Caldecott Award-winning illustrator Brian Selznick offers a provocative visual narrative of “Live Oak, With Moss,” and Whitman scholar Karen Karbiener reconstructs the story of the poetic cluster's creation and destruction. Walt Whitman's reassembled, reinterpreted Live Oak, With Moss serves as a source of inspiration and a cause for celebration.

Kate Jan 07 2022 Kate Moss is one of the newest of the supermodels. Her unique look has inspired top photographers, including Stephen Meisel, Bruce Weber, Herb Ritts, Helmut Newton and Richard Avedon, top fashion editors and top fashion designers, particularly Calvin Klein.

Nancy Drew 18: Mystery of the Moss-Covered Mansion Mar 29 2021 A friend of Carson Drew's has been arrested and charged with sending a truck loaded with explosive oranges into the Space Center complex at Cape Kennedy. Knowing that Mr. Billington could not possibly be guilty of sabotage, Nancy and her father rush to the defense of the accused man. During the Drews' investigation Nancy become suspicious of an old spooky mansion that houses fierce African wild animals on its extensive grounds. Soon, she discovers that something besides the training of wild animals is going on at the mysterious estate. Many dangerous moments await Nancy before she proves Mr. Billington's innocence and thwarts the plans of treacherous subversives bent on undermining the U.S. space program.

Behind the Moss Curtain, and Other Great Savannah Stories Jan 15 2020

The Magical World of Moss Gardening Apr 10 2022 Annie Martin reveals the secrets of gardening with moss, opening up a new world for home gardeners looking to add something unique and environmentally conscious to their green spaces.

Summerwater Apr 17 2020 A BEST BOOK OF JANUARY: O Magazine A BEST BOOK OF THE YEAR in the UK: The Guardian, The Times “[Moss] writes beautifully about... souls in tumult, about people whose lives have not turned out the way they'd hoped. . . There's little doubt, reading Moss, that you're in the hands of a sophisticated and gifted writer.” —Dwight Garner, The New York Times The acclaimed author of Ghost Wall offers a new, devastating, masterful novel of subtle menace They rarely speak to each other, but they take notice—watching from the safety of their cabins, peering into the half-lit drizzle of a Scottish summer day, making judgments from what little they know of their temporary neighbors. On the longest day of the year, the hours pass nearly imperceptibly as twelve people go from being strangers to bystanders to allies, their attention forced into action as tragedy sneaks into their lives. At daylight, a mother races up the mountain, fleeing into her precious dose of solitude. A retired man studies her return as he reminisces about the park's better days. A young woman wonders about his politics as she sees him head for a drive with his wife, and tries to find a moment away from her attentive boyfriend. A teenage boy escapes the scrutiny of his family, braving the dark waters of the loch in a kayak. This cascade of perspective shows each wrapped up in personal concerns, unknown to each other, as they begin to notice one particular family that doesn't seem to belong. Tensions rise, until nightfall brings an irrevocable turn. From Sarah Moss, the acclaimed author of Ghost Wall—a “riveting” (Alison Hagy, The New York Times Book Review) “sharp tale of suspense” (Margaret Tablot, The New Yorker), Summerwater is a searing exploration of our capacity for kinship and cruelty, and a gorgeous evocation of the natural world that bears eternal witness.

The Moss Flora of Britain and Ireland Feb 08 2022 This book describes and illustrates in detail the 760 species of mosses currently known to occur in the British Isles and incorporates the most up-to-date information available on classification and nomenclature, together with recent synonyms. The species descriptions provide information on frequency, ecology, geographical relationships and distribution, including information on protected species and those species at risk. For many species there are footnotes to aid identification. In addition to the species descriptions there are descriptions of families and genera and also introductory information on conservation, collection, preservation and examination of material, together with advice on using the keys. An artificial key to genera provides the only workable comprehensive key published in the English language. This second edition incorporates the very considerable advances in our knowledge of mosses made in the last quarter of the twentieth century and will provide a unique resource for all concerned with these fascinating organisms.

The Golden Hour Jun 19 2020 THE NATIONAL BESTSELLER A remarkable thriller debut of twenty-first-century espionage, by a former Deputy Assistant Secretary of State who “knows where all the bodies are buried—literally” (W. E. B. Griffin). The Golden Hour: In international politics, the hundred hours following a coup, when there is still a chance that diplomacy, a secret back channel, military action—something—may reverse the chain of events. As the director of the new State Department Crisis Reaction Unit, Judd Ryker gets a chance to prove that his theory of the Golden Hour actually works, when there's a coup in Mali. But in the real world, those hours include things he's never even imagined. As Ryker races from Washington to Europe and across the Sahara Desert, he finds that personalities, loyalties—everything he thought he knew—begin to shift beneath his feet, and that friends and enemies come in many forms.

Anansi and the Moss-Covered Rock Feb 20 2023 “Anansi the Spider, a master trickster, uses the powers of a magical rock to dupe his neighbors...a musical introduction sets the mood...the text of the book is read clearly and expressively.”—Booklist

Girl on a Plane Dec 14 2019 Jordan, 1970. After a summer spent with her family, fifteen-year-old Anna is travelling back to her English boarding school alone. But her plane never makes it home. Anna's flight is hijacked by Palestinian guerrillas. They land the plane in the Jordanian desert, switch off the engines and issue their demands. If these are not met within three days, they will blow up the plane, killing all the hostages. The heat on board becomes unbearable; food and water supplies dwindle. Anna begins to face the possibility she may never see her family again. Time is running out . . . Based on true events, this is a story about ordinary people facing agonizing horror, of courage and resilience.

The Man in the Moss Dec 18 2022 The discovery of an Iron Age body preserved in the peat bogs surrounding the village of Bridelov is one of the finds of the century. Though dead for two millennia, he remains perfectly preserved in black peat. The Man in the Moss is one of the most fascinating finds of the century, but for the isolated Pennine community of Bridelov, his removal is a sinister sign. A danger to the ancient spiritual tradition maintained, curiously, by the Mothers' Union. In the weeks approaching Samhain—the Celtic feast of the dead—tragedy strikes again in Bridelov. Scottish folk singer Moira Cairns and American film producer Mungo Macbeth discover their Celtic roots are deeper and darker than they imagined. And, as fundamentalist zealots of both Christian and satanic persuasions challenge an older, gentler faith, the village faces a natural disaster unknown since the reign of Henry VIII.

The Burnout Epidemic Nov 12 2019 In this important and timely book, workplace well-being expert Jennifer Moss helps leaders and individuals prevent burnout and create healthier, happier, and more productive workplaces. We tend to think of burnout as a problem we can solve with self-care: more yoga, better breathing techniques, and more resilience. But evidence is mounting that applying personal, Band-Aid solutions to an epic and rapidly evolving workplace phenomenon isn't enough—in fact, it's not even close. If we're going to solve this problem, organizations must take the lead in developing an antiburnout strategy that moves beyond apps, wellness programs, and perks. In this eye-opening, paradigm-shifting, and practical guide, Jennifer Moss lays bare the real causes of burnout and how organizations can stop the chronic stress cycle that an alarming number of workers suffer through. The Burnout Epidemic explains: What causes burnout—and what organizations can do to prevent it Why traditional wellness initiatives fall short How companies can build an antiburnout strategy based on prevention, not perks How leaders can measure burnout in their own organizations What leaders can do to develop a healthier culture that prioritizes resilience and curiosity As the pandemic has shown, self-care is important, but it's not a cure-all for burnout. Employers need to do more. With fascinating research, new findings from the pandemic, and interviews with business leaders around the globe, The Burnout Epidemic offers readers insightful and actionable advice that will empower them to help themselves—and their employees—feel healthier and happier at work.

Taking Care of Our Mother Earth May 31 2021

Democracy Jan 27 2021 Historian David Moss adapts the case study method made famous by Harvard Business School to revitalize our conversations about governance and democracy and show how the United States has often thrived on political conflict. These 19 cases ask us to weigh choices and consequences, wrestle with momentous decisions, and come to our own conclusions.

Six: The Musical - Vocal Selections Aug 22 2020 (Vocal Selections). Six has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do * Don't Lose Ur Head * Ex-Wives * Get Down * Haus of Holbein * Heart of Stone * I Don't Need Your Love * No Way * Six.

Annual Plant Reviews, The Moss Physcomitrella patens Dec 26 2020 Commencing with a chapter which places Physcomitrella into phylogenetic position, this important publication then covers the following major topics. Population genetics, genome, transcripts and metabolomics, gene targeting, hormones, small RNAs, tip growth, chloroplasts, sporophyte development, desiccation and oxidative stress, sugar metabolism, and pathogenesis. With chapters contributed by many of the World's leading workers in the area, this landmark book is essential reading for all those studying plant evolutionary biology, genomics, molecular and cell biology and genetics.

A Concise Guide to Macroeconomics, Second Edition Oct 12 2019 Understanding the Ground Rules for the Global Economy In this revised and updated edition of A Concise Guide to Macroeconomics, David A. Moss draws on his years of teaching at Harvard Business School to explain important macro concepts using clear and engaging language. This guidebook covers the essentials of macroeconomics and examines, in a simple and intuitive way, the core ideas of output, money, and expectations. Early chapters leave you with an understanding of everything from fiscal policy and central banking to business cycles and international trade. Later chapters provide a brief monetary history of the United States as well as the basics of macroeconomic accounting. You'll learn why countries trade, why exchange rates move, and what makes an economy grow. Moss's detailed examples will arm you with a clear picture of how the economy works and how key variables impact business and will equip you to anticipate and respond to major macroeconomic events, such as a sudden depreciation of the real exchange rate or a steep hike in the federal funds rate. Read this book from start to finish for a complete overview of macroeconomics, or use it as a reference when you're confronted with specific challenges, like the need to make sense of monetary policy or to read a balance of payments statement. Either way, you'll come away with a broad understanding of the subject and its key pieces, and you'll be empowered to make smarter business decisions.
