MARIE: It's been six years since I got my baby brother and sister out of the hellhole of abuse we grew up in. Six years spent looking over my shoulder, wondering if we'd ever truly escape our father's wrath. Everything I did back then, I did to keep them alive. And now that a violent criminal from our past has found us, I'm forced again to use the skills I never asked to be good at. It's bad enough I end up getting caught in the crime by a man as ruthless as my

sister's captor. But needing—and wanting—to trust him? That's completely uncharted territory for me. LUKE: It's been a while since I've caught someone stealing from me—I'm just not the kind of man people make that mistake with often. Hell, if I'd been able to take my eyes off of her that night, she would've gotten away with it, too; she's that good. And yeah, this mess she's in is bad enough I don't fault her actions. Still, letting her go is out of the question. I know she thinks I'm as dangerous as they come, and in some ways I am. Given how protective I'm starting to feel about her, dangerous doesn't even begin to describe the lengths I'll go to keep her safe. The SAVAGE TRUST Series Frayed (Kane & Daniella) Wrecked (Luke & Marie) Scarred (Mikhael & Alina) Previously published as House Rules (c) 2014, revised throughout with newly added content, new characters, and a different extended ending. Police Chief Josie Gray is living every cop's worst nightmare: a murder suspect who she knows personally. Even worse, it's her longtime boyfriend, Dillon Reese. Dillon's secretary has been murdered, and now Dillon's disappeared. Josie has no choice but to relinquish the investigation to a fellow officer, giving up control of a case that matters more than any other. As suspicions split the department, Josie struggles with her choices on the night she last saw Dillon. If she had acted on her instincts, would the innocent woman still be alive? Unable to stay on the sidelines, Josie investigates on her own terms—and uncovers a plot that could bring the killer millions. Now she must make a choice between her oath as an officer and her personal desire to get revenge. Tricia Fields's Wrecked continues the Hillerman Prize-winning mystery series that captures the unique landscape and characters who populate the small towns of West Texas. Joe and Imogen seem like the perfect couple - they've been in a relationship for years and are the envy of their friends at school. But after accidentally becoming involved in a tragic fatal accident, they become embroiled in a situation out of their control, and Joe and Imogen's relationship becomes slowly unravelled until the truth is out there for all to see ... Structured around a dramatic and tense court case, the reader becomes both judge and jury in a stunning and page-turning novel of uncovering secrets and lies - who can be believed? Goins shares his own struggle as a missionary and 20-something who understands the call to live radically for God while dealing with the everyday responsibilities of life. "Wrecked" is for a generation dissatisfied with the status quo and wanting to make a difference. From the author of the international bestseller 'Wetlands', a raw and taboo-breaking novel of sex and grief, obsession and death. NEW YORK TIMES and USA TODAY BESTSELLING AUTHOR, ELLE CASEY, brings readers the High Seas and High Adventure novel WRECKED. With over 500 5-star ratings on Goodreads, readers love Wrecked! After their cruise goes horribly wrong, four very different teenagers find themselves shipwrecked on a tropical island. When forced to work together, they discover they have more in common than they ever imagined... Cast Away meets The Breakfast Club in this fun read from a New York Times bestselling author. ~BookBub Content Warning: Contains some foul language and non-explicit sex scenes between older teens. May not be appropriate for younger, middle-grade teens. HERE'S WHAT READERS ARE SAYING ABOUT WRECKED: "AMAZING, AMAZING, AMAZING! I'm not sure how to begin this review and remain professional... so I'll just be honest. I FUDGING loved this book! (SOOO SOOO MUCH!) It was fantastic!..." ~ Nancy Figueroa, Tumbling Books, book blog "A Fun Debut Novel! My favorite part of the book was their time on the island. The character dynamics were well done, and Casey clearly put a lot of thought into what they would need to do to survive, not just physically but emotionally. This was a fun book and a promising debut novel..." ~ Ally Arendt, Word Vagabond "Fun read! I am a big fan of young adult books, this is one of my favorites. I have actually re read this book multiple times." ~ Hipsterduck, Amazon Reviewer "This book, for lack of a better word, was amazing. From the character intros, to the last page, I was intrigued. Elle clearly understood teens, because all of their motivations and goals were believable; even the way in which they became stranded was believable. I LOVED EVERY aspect of this book. I definitely recommend it, a must-read." ~ Brandon, Goodreads Reviewer A note about the series: I pretty much grew up on the East Coast of Florida, so I went to the beach a lot, and whenever I did, I was always looking out at the water wondering ... "What if...?" What if I were stranded out on a boat somewhere, in shark-infested waters, and then washed up on a beach of a deserted island... How would I survive? For probably 30 years or more, I contemplated these questions every time I went to the beach or thought about the water, so I had a LOT of time to think about the details. This book was inside my head, in the making, for a really long time. That's why it's the first book I wrote, because it was finally time to get it out of my head and onto paper (or I should say, into my computer). When I found out about self-publishing for the Kindle, I thought, "What the heck? Maybe someone will like it as much as I do." Now, several years later, with over 40 books written and a few spots on the New York Times and USA Today bestseller lists, I can say that it was one of the best decisions I've ever made. It literally changed my life. I'm really glad that I spent so much time daydreaming while I was at the beach, and I'm even happier that I took a chance on this story and shared it with the world. **SEQUEL ALERT** This book was originally written without plans for a sequel. But so many readers asked for one, it was done. Published on December 31, 2012, RECKLESS picks up where WRECKED left off. After a car accident seriously injures her best friend and kills her brother's girlfriend, sixteen-year-old Anna tries to cope with her guilt and grief, while learning some truths about her family and herself. Higher education is a central institution in U.S. democracy. In the 2010s, however, many states that spent previous decades building up their higher education systems began to tear them down. Growing hostility toward higher education reflected changing social forces that remade the politics of U.S. higher education. The political Right became increasingly reliant on angry white voters as higher education became more racially diverse. The Republican party became more closely connected to extremely wealthy donors as higher education became more costly. In *Wrecked*, Barrett J. Taylor shows how these social changes set a collision course for the Right and higher education. These attacks fed a policy agenda of deinstitutionalization, which encompassed stark divestment from higher education but was primarily characterized by an attack on the institution's social foundation of public trust. In response to these attacks, higher education officials have offered a series of partial defenses that helped higher education to cope in the short-term but did nothing to defend the institution itself against the long-term threat of declining public trust. The failure to address underlying issues of mistrust allowed conflict to escalate to the point at which many states are now wrecking their public higher education systems. *Wrecked* offers a unique and compelling perspective linking higher education policymaking to broader social and political forces acting in the twenty-first century. There were shadows I was running from. Ones that haunted and taunted. Ones that made it so I had no choice but to disappear. I'd spent years hiding from the world. My little island haven, the only assurance of safety. It all changed the moment he showed up at my door. The hint of pain in his eyes told me that something haunted him, too. And I couldn't help but be drawn closer. But finding the person I needed most came with risks I never expected. And when our ghosts find us again, neither of us may make it out this time. ***** Read what reviewers are saying about *Reckless Refuge*: "Addictive, truly suspenseful, and utterly romantic, this is a top read of the year!" - Samantha Young, New York Times Bestseller "Beautiful, emotional and riveting. Private Investigator Regan Reilly and her husband, Jack "no relation" Reilly, head of the NYPD Major Case Squad, are about to celebrate their first wedding anniversary. They are looking forward to a quiet romantic weekend out of town. Wouldn't you know their choice of destination provides them with anything but! Regan and Jack had considered going to Bermuda, but instead they decide to spend four days at his parents' beautiful beachfront home on Cape Cod, a wonderful spot where they'd never been alone. During the summer the house overflowed with Jack's family, bubbling with activity from morning until night. But to be up there for a weekend in April, just the two of them, sounded like a perfect escape. Arriving at the Cape late at night, Regan and Jack are just in time to experience the beginning of a major storm. The next morning, Cape Cod Bay is quite a sight, churning with whitecaps. The wind is howling ferociously. Sheets of rain are pelting the house. Regan is looking forward to settling in the den with Jack and watching the storm. However, the best laid plans . . . In the bedroom, Regan opens the curtains to find Skip, the Reillys' young caretaker, pressing his nose against the glass, supposedly checking for leaks. A moment later, Jack arrives home from the market, two gossipy older women who live up the street in tow.

A branch crashed through their living room window, and they need a place to stay. When Regan thought things couldn't get any worse, Skip comes running into the house, distraught that he'd just discovered Adele Hopkins, the woman renting the house next door, in a heap at the bottom of her staircase to the beach. Regan and Jack run back down with him, but huge waves are crashing on the shore. Hopkins is gone, presumably swept out to sea. Who was Adele Hopkins? No one knows. The sixty-ish loner, who moved in five months ago, shunned her neighbors. Even her landlords, friends of the Reillys, have no idea how to locate her next of kin. Discovered in her dining room are stacks of apology cards she'd not yet sent and bags of decorative pillows that are embroidered with the saying grudge me, grudge me not. Regan and Jack begin an investigation to help their friends track down Hopkins's family. They start by interviewing two young women who own the shop where Adele had bought the pillows. Pippy and Ellen opened Pillow Talk after they both lost their jobs. When a newspaper article revealing the terrible way the women had been treated by their former employers was posted on the Internet, business took off, they started to become well-known, and the Pillow Talk website became a place for people who had had similar experiences to vent their feelings. Pippy and Ellen just received an anonymous e-mail from someone who spews venom about her former rowing coach—Adele Hopkins. Could she be the same Adele Hopkins? Regan and Jack's search for clues to this mysterious woman's identity makes for an anniversary weekend they'll never forget! While walking through a cliff-top graveyard in the village of Morwenstow on the coast of Cornwall, Jeremy Seal stumbled across a wooden figurehead which once adorned the Caledonia, a ship wrecked on the coast below in 1842. Through further investigation, he began to suspect the locals, and in particular the parson, Robert Hawker, of luring the ship to her destruction on Cornwall's jagged shore. Wrecking is known to have been widespread along several stretches of England's coast. But is that what happened in Morwenstow? Seal weaves history, travelogue and vivid imaginative reconstruction into a marvellous piece of detective work. "Getting Wrecked provides a rich ethnographic account of women battling addiction as they cycle through jail, prison, and community treatment programs in Massachusetts. Since incarceration has become a predominant American social policy for managing the problem of drug use, including the opioid epidemic, this book examines how prisons and jails have attempted concurrent programs of punishment and treatment to deal with inmates struggling with a diagnosis of substance use disorder. An addiction physician and a medical anthropologist, Kimberly Sue powerfully illustrates the impacts of incarceration on women's lives as they seek well-being and better health while confronting lives marked by structural violence, gender inequity, and ongoing trauma"--Provided by publisher. So when a young painter approaches IQ for help tracking down her missing mother, it's not just the case Isaiah's looking for, but the human connection. And when his new confidant turns out to be connected to a dangerous paramilitary operation, IQ falls victim to a threat even a genius can't see coming. Waiting for Isaiah around every corner is Seb, the Oxford-educated African gangster who was responsible for the death of his brother, Marcus. Only, this time, Isaiah's not alone. Joined by a new love interest and his familiar band of accomplices, IQ is back -- and the adventures are better than ever. Told from different perspectives, almost-seventeen-year-old Miri skips school, rebuilds motorcycles, and befriends her new neighbor Fen to distract herself from knowing exactly what her dad Poe does for a living in the knobs of Kentucky. Set in the outback of Canada this book unfolds in the area with which Ballantyne was so familiar. If you like to read about this area you will find lots in this book to amuse you. (Excerpt from Chapter I): On the northern shores of the Gulf of Saint Lawrence there stood, not very long ago, a group of wooden houses, which were simple in construction and lowly in aspect. The region around them was a vast uncultivated, uninhabited solitude. The road that led to them was a rude one. It wound round a rugged cliff, under the shelter of which the houses nestled as if for protection from the cold winds and the snowdrifts that took special delight in revelling there. This group of buildings was, at the time we write of, an outpost of the fur-traders, those hardy pioneers of civilisation, to whom, chiefly, we are indebted for opening up the way into the northern wilderness of America. The outpost was named the Cliff after the bold precipice, near the base of which it stood. A slender stockade surrounded it, a flag-staff rose in the centre of it, and a rusty old ship's carronade reared defiantly at its front gate. In virtue of these warlike appendages the place was sometimes styled "the Fort." R. M. Ballantyne (24 April 1825 – 8 February 1894) was a Scottish juvenile fiction writer. Born Robert Michael Ballantyne in Edinburgh, he was part of a famous family of printers and publishers. At the age of 16 he went to Canada and was six years in the service of the Hudson's Bay Company. He returned to Scotland in 1847, and published his first book the following year, Hudson's Bay: or, Life in the Wilds of North America. For some time he was employed by Messrs Constable, the publishers, but in 1856 he gave up business for the profession of literature, and began the series of adventure stories for the young with which his name is popularly associated. (Illustrated) A resident of one of LA's toughest neighborhoods uses his blistering intellect to solve the crimes the LAPD ignores. East Long Beach. The LAPD is barely keeping up with the neighborhood's high crime rate. Murders go unsolved, lost children unrecovered. But someone from the neighborhood has taken it upon himself to help solve the cases the police can't or won't touch. They call him IQ. He's a loner and a high school dropout, his unassuming nature disguising a relentless determination and a fierce intelligence. He charges his clients whatever they can afford, which might be a set of tires or a homemade casserole. To get by, he's forced to take on clients that can pay. This time, it's a rap mogul whose life is in danger. As Isaiah investigates, he encounters a vengeful ex-wife, a crew of notorious cutthroats, a monstrous attack dog, and a hit man who even other hit men say is a lunatic. The deeper Isaiah digs, the more far reaching and dangerous the case becomes.
